The Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. STATEMENT OF OBJECTS AND REASONS.

In chapter XIV of their Report, the Royal Commission on Labour in India observed that "the time is ripe for the introduction of legislation throughout India making a maternity benefit scheme compulsory in respect of women permanently employed in industrial establishments on full-time processes" and suggested that a more general extension of the schemes already in operation in Bombay and Central Provinces should be made. In these schemes, the entire cost of the benefit is borne by the employers.

In 1932-33, Government examined the Central Provinces and Bombay Acts but it was then thought advisable to defer the introduction of the scheme. In 1935, Government, however, decided to proceed with the scheme and ascertained the opinion of industries. It was found that there was a general consensus of opinion in favour of the scheme. In September, 1936, accordingly a Bill drafted on the lines of the Central Provinces and Bombay Acts was circulated for the opinion of the interests concerned. The present Bill embodies modifications and suggestions which Government have thought fit to make in the original Bill in view of the opinions received.

Dacca, the 7th August 1937.

First Forecast of the Sugarcane Crop of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under sugarcane in Bengal has represented some 7·5 per cent. of the total area under sugarcane in British India.)

Character of the season.—At the outset weather was generally unfavourable for planting and in consequence less area was brought under cultivation this year. Subsequent conditions were, on the whole, fair. The growth of the crop was, however, somewhat affected by drought in Dinajpur, Dacca and Rangpur and by excessive rainfall in Mymensingh.

Area planted.—The total area planted with sugarcane for the province is reported to be 329,200 acres this year as against 353,200 and 354,800 acres reported respectively in the corresponding and final forecasts of last year.

In my opinion area under sugarcane this year as reported by the Collectors is an overestimate. It will not be more than 248,900 acres in view of the unfavourable weather conditions at the planting time and in view of the unfavourable prices of gur and cane.

M. Carbery,

Director of Agriculture, Bengal.

Report.

Re: Election to the Bengal Legislative Council to fill seats to be filled by persons elected by the Members of the Bengal Legislative Assembly

And

In the matter of

Shanti Shekhareswar Roy, son of Raja Sashi Shekhareswar Roy Bahadur of Tahirpur, district Rajshahi, by caste Brahmin, by occupation Zemindar, aged 46 years, residing at present at premises No. 87, Lansdowne Road, Calcutta, a Candidate, Petitioner,

Versus

Rai Surendra Narayan Sinha Bahadur of Nehalia, post office Jiagunj, district Murshidabad, a returned candidate to the Bengal Legislative Council, Respondent.

The petitioner seeks in this petition a declaration that the respondent, Rai Surendra Narayan Sinha Bahadur, was not duly elected to the Legislative Council and that the election was void. He also prays that the "Election be completed" by recounting of votes and in accordance with the provisions in paragraph 19 of the Government of India (Provincial Legislative Councils) Order, 1936.

The election was to the Legislative Council by members of the Legislative Assembly.

The petition was duly published in the gazette and the parties appeared before the Tribunal in response to a summons for directions on the 12th July.

The petition alleged that the petitioner was a duly nominated candidate for election to the Council.

There were 93 other candidates and 27 vacancies.

The votes were counted on the 27th February and the counting continued until 3 a.m. the following morning when the Returning Officer declared the names of the successful candidates.

The method of voting and of counting of votes is provided by the rules framed by the Governor in Council and contained in Part VI of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936. Every elector is entitled to as many preferences as there are candidates to be elected and in giving his vote places on the ballot paper the figure 1 in the space opposite the name of the candidate whom he chooses for his first preference; and the figures 2, 3, 4, etc., in the spaces opposite the names of other candidates in the order of his preference.

The procedure to be followed at the counting of votes is extremely complicated, but for the purposes of this report it may be sufficient to state that each candidate is credited with one vote in respect of each valid paper on which a first preference has been recorded for him, and the Returning Officer then ascertains the total number of valid papers. The total number at this election was 245.

That number is then divided by a number exceeding by one the number of vacancies to be filled and the result increased by one, disregarding fractions, is the number of votes sufficient to secure the return of a candidate, and is referred to as the "quota." The "quota" on this occasion was 9. The rules then provide for the transfer of surplus votes and for the exclusion of some candidates in given circumstances. It is not contested that at one period in the counting 23 vacancies had been filled because the candidates had each achieved the quota of 9. Five candidates remained, two of whom had 8 valid votes, and one 7. The remaining two were the petitioner and the respondent, each of whom had 6 valid votes.

The petitioner alleged that the proper procedure at this stage was for the Returning Officer to select by lot one of the remaining two candidates whose votes were equal and give him an additional vote, a procedure which is provided by paragraph 19 of the Government of India (Provincial Legislative Councils) Order, 1936.

The Returning Officer in fact followed the procedure provided by rule 78 (6) of the special rules made by the Governor in Council already referred to for elections to fill seats to be filled by persons elected by the members of the Bengal Legislative Assembly and took into consideration the number of original votes obtained by each of these two candidates and excluded the petitioner who had only 3 original votes to the respondent's 5.

Paragraph 8 of the petition alleged that the nomination of the Maharaja of Santosh had been erroneously accepted on the ground that he was disqualified for election owing to his "holding an office of profit under the Crown in India as President of the Bengal Legislative Council." The Maharaja had not been made a party to the proceedings and no relief had been claimed against him, although the validity of his election was called in question. The respondent objected to this question being discussed in the absence of the Maharaja and contended that it was not relevant to the present enquiry. There was no suggestion that the validity of the respondent's election was in any way affected by the acceptance of the Maharaja's nomination and the only provision in the rules to which we were referred on behalf of the petitioner was paragraph 7 (c) of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, which provides that if a nomination has been improperly accepted and by reason of that fact the result of the election has been materially affected the election shall be void.

The Commissioners were of opinion that the question could not be agitated in the absence of the party principally concerned, when no relief was claimed against him, and more particularly in the absence of any allegation that the result of the election was materially affected by the acceptance of the Maharaja's nomination. In the circumstances they ordered paragraph 8 of the petition to be struck out.

Both parties were given inspection of the ballot and other relevant papers on the 17th July, and on the 19th July when the matter was fixed for hearing the petitioner sought to introduce other matters which had not been alleged in his petition, viz., that certain ballot papers

should have been rejected and that there should therefore be a recount. The pleadings had by this time been concluded and the only question outstanding was the question whether the election should be avoided owing to the Returning Officer adopting the wrong procedure.

Paragraph 9 of the petition was in vague and general terms and it contained no allegation that any vote had been wrongly accepted by the Returning Officer. When it was pointed out to the advocate for the petitioner that it could not be allowed to remain in that form without mentioning the specific grounds relied on, he stated that he would confine himself to the ground alleged in paragraph 5.

He was not entitled thereafter to seek to introduce this new matter as particulars under paragraph 9. The application was accordingly rejected and the petitioner was confined to the pleas specified in his original petition.

The following issues were thereafter framed, viz.:—

(*1*) Did the Returning Officer act in contravention of the rules and provisions of the Government of India Act, 1935, governing the present case as alleged in paragraph 5 of the petition?

(*2*) Did the Returning Officer erroneously exclude the petitioner and erroneously declare the respondent as elected?

(*3*) Did the petitioner or his representative at any time during the counting request re-examination and recount of the votes? If not, are there such circumstances as to justify a recount in the present proceedings?

The argument for the petitioner was twofold—

(*1*) that the Returning Officer had adopted the wrong procedure at the time during the counting of votes when the petitioner and the respondent had each 6 valid votes; and

(*2*) that even if the procedure actually adopted was applicable at that stage, the rule authorising that procedure made by the Governor of Bengal in Council was invalid as being at variance with an order of His Majesty in Council.

By section 291 of the Government of India Act His Majesty in Council may make orders in Council with regard to, amongst other matters, the conduct of elections and the methods of voting thereat, and in pursuance of that power the Government of India (Provincial Legislative Councils) Order, 1936, was made.

The Fifth Schedule to the Government of India Act provides for the allocation of seats in the Legislative Councils. In Bengal the total number of seats is to be not less than 63 nor more than 65, divided into five classes, viz., General seats, Muhammadan seats, European seats, seats to be filled by the Legislative Assembly, and seats to be filled by the Governor. The Government of India (Provincial Legislative Councils) Order, 1936, deals with all these classes and paragraph 19 on which the petitioner relies is as follows:—

"If when a poll has been taken at an election an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, one additional vote shall be given by the Returning Officer to the candidate, or, as the case may be, the candidates selected by lot drawn in the presence of the Returning Officer in such manner as he may determine."

Paragraphs 1 and 2 of the Order are introductory; paragraphs 3 to 15 refer to the delimitation of territorial constituencies; paragraph 16 to the qualifications of candidates; and paragraphs 17 to 23 are headed "General". Paragraph 18 clearly refers to territorial constituencies while paragraph 20 is with special reference to an election by members of a Legislative Assembly to fill seats in the Legislative Council. Now the method of election to the Council by members of the Assembly is entirely different to the ordinary method of election, and, in the absence of any specific reference to this particular method of election it is not unreasonable to assume that paragraph 19 is referring to the ordinary method of election applicable to other constituencies.

We may now turn to the special rules for elections to the Council by members of the Assembly which were actually followed by the Returning Officer. These are contained in Part VI of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936.

These rules are framed in exercise of the powers conferred by paragraph 20 of the Fifth Schedule to the Government of India Act read with paragraph 23 of Part I of the Government of India (Provincial Legislative Councils) Order, 1936. By paragraph 20(*iii*) of the Fifth

Schedule the Governor in Council is empowered to make rules for the conduct of elections including the application to elections of the principle of proportional representation by means of the single transferable vote. That is the principle which has been made applicable to elections by members of the Assembly to seats in the Council by paragraph 14(*c*) of the Fifth Schedule to the Government of India Act. The procedure to be followed at the counting of votes and in declaring candidates elected is set out in rule 78 and has been referred to briefly in this report.

The importance of the original vote is continually stressed, as for instance in rule 78, sub-rule 5(*e*)(*ii*)—

"If two or more candidates have each the same surplus, regard shall be had to the number of original votes.....":

and in sub-rule 6(*c*) which was the rule followed by the Returning Officer in this case it is provided—

"If when a candidate has to be excluded under this sub-rule, two or more candidates have each the same number of votes and are lowest on the poll, regard shall be had to the number of original votes credited to each of those candidates and the candidates with the fewest original votes shall be excluded."

The resort to chance is to be made only under sub-rule 5(*d*)(*iii*) when the original votes are equal.

Part IV of the rules does not apply to the special election by proportional representation for which special rules are framed.

The Commissioners have considered carefully the arguments on behalf of the petitioner and they feel no doubt that the procedure adopted by the Returning Officer was the correct procedure at an election to the Legislative Council by members of the Legislative Assembly. They are of opinion that paragraph 19 of the Government of India (Provincial Legislative Councils) Order was not intended to apply to such an election except possibly in the event of there being an equality of original votes, followed by an equality of votes at all subsequent stages, a condition which was not present in the election under consideration. It follows that the rules contained in Part VI of the Bengal Legislative Council Electoral (Conduct of Elections) Rules are valid and operative, and not at variance with paragraph 19 as suggested.

It was argued for the petitioner that rule 78(*6*) was not applicable at the stage of counting at which it was applied by the Returning Officer on the ground that this rule can only come into operation when a transfer is intended.

The count records were produced before us and it appears that the stage at which this equality of valid votes as between the petitioner and respondent was reached was the stage at which none of the candidates had a surplus. At that stage the Returning Officer had to exclude from the poll one of the continuing candidates under rule 78(*6*)(*c*) and he excluded the petitioner who had fewer original votes. If any transfer were necessary at that stage, it would have been a transfer of the votes of the petitioner but once the petitioner was excluded the last vacancy was filled and any votes then transferred would have been valueless. In fact the position contemplated by rule 78, sub-rule 8 (*c*) had been reached, and no further transfer of votes need be made.

The respondent was therefore rightly declared to have been elected.

There is no evidence that the count was at any time challenged or a recount asked for. It is argued that the Returning Officer became confused and counted rejected papers together with valid papers. There is not a scrap of evidence to justify any such finding. The Returning Officer gave his evidence very fairly and stated that the figures were checked at every stage.

The Commissioners are of opinion that the respondent was duly elected and that this petition should be dismissed with costs, which they assess at Rupees one thousand to be paid by the petitioner to the respondent, and they report to His Excellency accordingly.

THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Bengal Municipal Act of 1932.

WHEREAS it is expedient further to amend the Bengal Municipal Act of 1932 in the manner hereinafter appearing ;

It is hereby enacted as follows :—

This Act may be called the Bengal Municipal Amendment Act of 1937.

It extends to the whole of Bengal.

1. From section 16 of the Bengal Municipal Act, 1932, the words " three-fourths of " be deleted ; provisos (*1*) and (*3*) also be deleted from that section.

2. Section 17 of the said Act also be omitted.

3. For section 18 *substitute* the following :—

" Notwithstanding anything contained in section 16 the local Government by notification, stating the special circumstances may, in the case of a Municipality the development of which is dependant on the concentration of industry or industries, appoint Commissioners not exceeding one-fifth of the total number of Commissioners in order to secure the proper representation of such industry or industries and of labour employed therein or create special constituencies for the same or reserve seats for the same in the general constituency."

4. *Omit* words " or section 17 " from the 4th line of section 19, sub-section (*1*).

5. *Substitute* the following in place of section 23, sub-section (*2*) and the rest of section 23 except sub-section (*1*) :—

" A person shall not be entitled to vote at an election of Commissioners in any Municipality unless such person has attained the age of 21 years and is a British subject or the subject of any State in India, or being an alien has been exempted from the disabilities imposed by the Bengal (Aliens) Disqualification Act of 1918, and has for a period of not less than full twelve months been resident within the limits of the Municipality, or has for the said period immediately preceding the election been owner of a holding, or been in occupation of a holding within the Municipal limit."

6. In section 24, sub-section (*3*), after the words " every fifth-year " *add* —

" Counting from the date of the 1st meeting of the newly elected Commissioners as mentioned in sub-section (*1*) of section 24."

7. In section 56, sub-section (*1*)(*a*)(*b*), sub-sections (*2*), (*3*) (*4*) and (*5*), *substitute* the words " five years " in place of words " four years " wherever it occurs in that section.

8. After sub-section (*3*) of section 108 *add* as sub-section (*4*)—

provided that every Municipality shall have to spend at least 10 per cent. of its income in primary education.

The Bengal Municipal (Amendment) Bill, 1937.

(*Clauses 9—14.*)

9. In section 125, sub-section (*1*), clause (*b*), after the word " agriculture " in the second line *add* " or any holding which is used exclusively as a place of worship to which the public have free access without payment."

10. In section 126, sub-section (*1*), clause (*b*), *add* after " within such area " in the fourth line, " on holding exclusively used as a place of public worship."

11. In section 166 after the word " rate " in the third line, *add* " or any other municipal due."

12. In section 302, sub-sections (*1*) and (*2*), *substitute* the word " owner " in place of the word " occupier " wherever it occurs and *omit* sub-sections (*3*) to (*6*) from that section.

13. In section 309, sub-section (*1*), after (*g*) *add* a new clause (*h*) as follows :—

(*h*) On non-payment of excess water charges after Bill and demand Bills have been duly served.

14. At the end of section 423 *add* " on payment of such fee as fixed by the Municipal Commissioners at a meeting held from time to time for the purpose."

STATEMENT OF OBJECTS AND REASONS.

With the widening of franchise and abolition of nominated block from provincial assemblies and with the redevelopment of democracy, it has become imperative to do away with the nominated block from the Municipal bodies to introduce adult franchise to keep pace with the progressive countries.

Clause 2.—With the doing away of the system of Government nomination this provision in section 17 would not be necessary.

Clause 3.—This gives powers to appoint Commissioners to represent labour or reserve seats for the same.

Clause 4.—In section 17 it is omitted, so the reproduction of it in section 19 has to be omitted.

Clause 5.—This is a most important clause. It proposes to introduce adult franchise at least in all urban areas. There is a great demand for introduction of adult franchise and urban areas are the fit places where this may be tried before it is introduced throughout the whole country.

Clause 6.—This proposes to increase the life of a Municipal Corporation from 4 to 5 years. This is necessary in view of the fact that the life of provincial assemblies and that of a district board under some conditions have already been increased from 4 to 5 years and there is no reason why the life of a Municipal Board should not be increased.

Clause 7.—This is necessary in view of the proposal embodied in clause 6.

Clause 8.—This is necessary to compel the Municipal Corporation to pay more attention to Primary Education. Though Act of 1919 was passed and Mr. Biss submitted his scheme long ago, few Municipalities have taken advantage of this Act.

There is no denying the fact that most of the Municipal Boards show very little interest in this direction, hence the necessity of adding such provision as proposed.

Clauses 9 and 10.—The mosques, temples, churches, i.e., all places of public worship, have been exempted from payment of house rate but have been made liable to payment of water and conservancy rates. As there is no owner of these religious places, the impositions made by way of water rate and conservancy simply accumulates year after year and have to be remitted as irrecoverable, hence the necessity of the proposed restriction in imposition of conservancy and water rates.

Clause 11.—This is necessary in view of proposed substitution of the word "owner" in place of "occupier" as in subsequent clause 12.

Clause 12.—This is necessary as occupiers are changing body and often leave the holding without giving previous notice and in practical working it is found that it is not easy to realise excess water charges from the occupiers who often change holding and leave the Municipality for ever. As the owner is not liable, the Municipal Board suffer yearly loss on account of non-realisation of excess water charges and ultimate writing off the same on ground of irrecoverability.

Clause 13.—This is necessary for speedy realisation of excess water charges.

Clause 14.—This is necessary to clear the present doubt.

NOTIFICATION.

No. 1694L.C.—21st August, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84(3) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 12th August, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE STATE PROVISION BILL FOR CLINICAL AND BACTERIOLOGICAL EXAMINATION, 1937.

A

BILL

to provide for the establishment of laboratories in all district headquarters for clinical and bacteriological examination of blood, sputum, stool, pus, urine, vomit and preparation of vaccine, etc., under the control and supervision of the Medical Department.

WHEREAS it is expedient to make provision for conducting clinical and bacteriological examination of blood, sputum, stool, pus, urine and vomit and preparation of vaccine, etc., of all sundry requiring such examination in and about district headquarters ;

It is hereby enacted as follows :—

1. (*a*) This Act may be called the State Provision Act for Clinical and Bacteriological Examination, 1937.

(*b*) It shall come into force on such date as the Governor in Council may, by notification in the *Gazette of Calcutta*, appoint.

2. In this Act, unless there is anything repugnant in the subject or context,—

"clinical examination" means such scientific examination as will afford adequate guidance to medical men in arriving at the correct diagnosis ;

"bacteriological examination" means such cultural and other scrutiny as will bring out all the factors which will lead medical men to understand the symptoms effectively ;

"clinical and bacteriological examination" means thorough scientific scrutiny and examination of blood, sputum, stool, urine, and vomit, etc., of all such or any number of them so as to lead to a correct diagnosis and proper treatment ,

"district headquarters" means headquarters of each district in the province of Bengal.

3. A department equipped with all modern appliances and fittings is to be established as an adjunct to the civil hospital already existing in each district headquarters for undertaking clinical and bacteriological examination of blood, sputum, stool, urine and vomit, etc., as the case may be, at such fees as will be accessible to the poor and placed under the supervision of the Medical Department in the province of Bengal.

4. The function of such a department shall be to engage in the examination of the specimens sent or submitted to it and not to undertake the treatment of the cases to which they will relate.

5. The officer in charge of such a department shall be a fully qualified person in the line known as the Public Analyst and shall be assigned only such duties as he is specially intended.

6. The Public Analyst will be placed in a special grade and shall be governed as regards pay, preferment, leave and allowances as the Assistant Surgeon.

7. The result of examination conducted by the department is to be supplied to the party concerned in the proper form and a copy thereof is to be retained in the office.

STATEMENT OF OBJECTS AND REASONS.

The disadvantages and difficulties experienced by people residing in far-off district towns, subdivisions and neighbouring villages away from Calcutta in the matter of clinical and bacteriological examination of blood, sputum, urine, stool and vomit, etc., are too well known. The rich and well-to-do are enabled to obviate those troubles by coming over to Calcutta, and availing themselves of resources present in Calcutta. But the poor and resourceless have invariably got to suffer, as they cannot avail themselves of the benefits of such examination by reason of the absence of proper facilities near about them.

What my Bill aims to achieve is to remove those difficulties of the poor whose means do not allow them to come to Calcutta, stay there and engage the services of the specialist for examination of blood, sputum, urine, stool and vomit, etc., by getting the Government to establish a laboratory at all district headquarters where such examination will be undertaken at cheap prescribed fees suiting the means of the poor. The costs of such an innovation will have to be met partly from the fees realised, partly from the grant on Public Health and Sanitation under the head "Medical" and partly from contributions from district boards and municipalities.

Bengal Legislative Council.

NOTIFICATION.

No. 1697L.C.—21st August, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84(*3*) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 12th August, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENCAL PATNI TALUKS REGULATION (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Bengal Patni Taluks Regulation, 1819.

WHEREAS it is expedient further to amend the Bengal Patni Taluks Regulation, 1819, in the matter hereinafter appearing;— Reg. VIII of 1819.

It is hereby enacted as follows:—

Short title.

1. This Act may be called "The Bengal Patni Taluks Regulation (Amendment) Act, 1937"

Amendment of sec. 14 of Reg. VIII of 1819

(*1*) In section 14—the words "or on any other ground" after the words "no balance due" and before the words "to sue the zemindar"—be omitted and in their place the following be substituted:—*e.g.*, "or on the ground of a material irregularity or fraud in publishing and conducting the sale."

(*2*) The following provisos be added after the second paragraph of section 14:—

"Provided as follows:—

(*a*) no sale shall be set aside on any such ground unless the court is satisfied that the plaintiff has sustained substantial injury by reason of such irregularity or fraud, and

(*b*) no plaint filed by the party desirous of contesting the sale shall be admitted unless the plaintiff either deposits the amount of the claim of the zemindar for which the sale in question was held or satisfies the court, for reasons to be recorded by it in writing, that no such deposit is necessary."

STATEMENT OF OBJECTS AND REASONS.

After the amendment of the Patni Regulation by Bengal Act IV of 1933—the position of the patnidars has been made similar to other tenants by section 14A of the Act. The hardship complained of by the patnidars has been removed. Under the circumstances, there is no reason why the patnidar should not take advantage of the same position as other tenants even with regard to set aside a patni sale. The words "or on any other ground" are too vague and enable the plaintiff to bring in all sorts of frivolous objections. The amendment proposed is on the lines of section 174(*3*) of the Bengal Tenancy Act.

The proviso proposed to be added is also on the similar line and follows the Bengal Tenancy Act as far as possible. Much confusion and uncertainty as to the real intention of the proviso (*b*), clause (*3*) of section 174 of the Bengal Tenancy Act has been caused by the words "that no application shall be allowed unless the applicant deposits the amount recoverable from him, etc." It is proposed to remedy the evil by enacting that no plaint shall be admitted unless the zemindar's claim is deposited. It is a matter of common knowledge that in order to evade payment of zemindar's dues, suits to set aside patni sales are brought in 95 cases out of 100. On account of the stringent provisions of the Regulation leaving no room for the patnidar to pay up his dues after the mehal was sold—such suits were always being brought. But now that the grievance has been removed—it will have to be seen that the zemindar or the purchaser does not suffer by the institution of false and vexatious suits to set aside the sale.

It is often found that a patnidar who is not able to make the payment even within the days of grace now allowed for him, will never be in a position to pay his patni rent and, consequently, his only object is solely to harass the purchaser and the zemindar by instituting a suit in order to extort some money from the purchaser who in order to save the troubles and expenses of a protracted litigation, invariably compromises the case by paying an adequate sum. It is often found that even when the zemindar and the purchaser agree to set aside the sale, the outgoing patnidar does not take advantage of the offer, as he cannot afford to pay but proceeds with the case. Even when the sale is set aside, he cannot pay or make deposit of the amount for which the tenure has been sold and zemindars have to bring fresh rent suits for his dues which means trouble and delay for another two or three years at advantage of the outgoing patnidars. The law should be such that no opportunity is given to any of the parties to harass the others. With regard to the confusion and uncertainty as to the real intention of the proviso (*b*), clause (*3*) of section 174 of the Bengal Tenancy Act, I want to make it clear by reference to two recent rulings on the point. In Mafizuddin *vs.* Mafizuddin (I. L. R 61, Cal 338—38 C. W. N. 334—59 C. L. J. 69) Lort William J. held that the word "allowed" becoming in the proviso does not and cannot mean that the court would not "entertain" the application for setting aside the sale unless the deposit is made. It only knows that the court would not "grant" the relief asked for in the application; so he decides that the deposit is not to be made before the application is heard. M. C. Ghose J. agrees with Lort William J. He observes this:—"If the Legislature had intended that the amount should be deposited before the court had gone into evidence, they would have used the word 'admitted' as they have done in sub-section (*5*) to section 174, Bengal Tenancy Act." This case was decided on the 20th December, 1933.

A few months after the point was considered by Mukerjee, Acting C. J., and S. K. Ghose J., they doubted the interpretation put on the proviso in Mafizuddin's case and observed:—"We are very doubtful if it was not the intention of the Legislature that the word 'Allowed' in the clause should be read in the sense of 'entertained,' because we are unable to hold that unless it is so read, the difficulties can be solved." (Kulada Prasad Majumdar *vs.* Kumar Prativa Nath Roy, 60 C. L. J. 112, decided on 24th July, 1934.) I have therefore used the word "admitted" in the place of "allowed."

STATEMENT OF OBJECTS AND REASONS.

The purpose of the Bill is to do away with nomination in local bodies and also to extend the franchise to include all adult persons within the area under the control of a local body.

The reasons for such amendment are obvious. One of the purposes of Local Self-Government is to associate the people in the administration of their own affairs and thus train them in methods of Government. Nomination cuts across the principle of representation, and the system as it now obtains leads to the anomalous position in which a person in spite of the opposition of the majority of elected members in the local body may be, and often is, elected Chairman of the District Board or President of Union Board, with the help of the nominated members. This encourages ambitious and designing persons to court the favour of local officials in order to secure their position, instead of attempting to win the confidence of their electorate through useful and hard work.

With regard to the extension of franchise, it is generally admitted that the representation should be as wide as possible. All kinds of arguments are advanced against such extension in the case of the legislatures, but even these arguments concede that the franchise ought to be co-extensive with the adult population of the country. In the case of the local bodies, these arguments have hardly any force, and besides, local bodies should be treated as the training ground in which people learn to prepare themselves for the use of the franchise in the wider sphere of national affairs.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to remove a serious grievance of the people of Lake Area in the matter of representation in the Corporation of Calcutta. A man conversant with local needs would have helped a good deal in the betterment of the sanitary condition of the locality. Some of its lanes, bye-lanes, bustees, marshes and drains clearly indicated how it has been relegated to the cold shade of neglect and indifference, though the Lake Area is being inhabited by the most enlightened people who have invested their life's savings in building houses. The area is fast developing and the large number of voters justifies the creation of a separate unit which requires the constant service of a Ward Councillor This unsatisfactory state of things was to a certain extent due to want of proper representation of Lake Area in the Corporation of Calcutta. Its growing importance justified its treatment as a separate unit. Moreover, the area of Ward 27 was a large one, consisting of nearly 4,000 voters, while other areas having less than 1,500 voters have got one Ward Councillor. In this Bill, I propose to take out of Ward 27, the Lake Area, and create a separate Ward for it, numbered as Ward 27A. As to the number of Councillors, I propose to allot one Councillor to Ward 27 and one Councillor to Ward 27A. I hope that the proposed amendment will help to remove a legitimate grievance of the ratepayers of Lake Area, at whose instance this Bill is being introduced in the Council.

NOTIFICATION.

No. 1701L.C. — 23rd August, 1937. — In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84 (*3*) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 12th August, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL AGRICULTURAL DEBTOR'S AMENDING BILL, 1937.

A

BILL

to amend the Bengal Agricultural Debtor's Act of 1935.

WHEREAS it is expedient to provide for relief of indebtedness of agricultural debtors more completely and efficiently ;

It is enacted as follows :—

1. This Bill may be called the Bengal Agricultural Debtor's Amending Bill of 1937.

2. It extends to whole of Bengal.

3. It shall come into force with the Bengal Act VII of 1936, in such areas and from such dates as the local Government may by notification direct.

4. Section 19 (*1*) (*b*) of the Act shall be replaced by the following section

" When the creditors and debtors do not agree to any amicable settlement or either of them do not appear in spite of notice the Board of its own initiation shall adjudicate such amount as payable to each non-agreeing or absentee creditor as it considers fair, but in so doing interest shall in no case be allowed at more than 12 per cent simple interest on the actual principal "

5. In the proviso to section 19 (*1*) (*b*), in the first line after the words " Clause (*a*) " the word " Adjudication " shall be substituted for the word " Offer "

6. The " Explanation " given at the end of section 19, shall be deleted.

7. In section 25 (*1*) a new clause (*h*) shall be added after the clause (*g*) and it shall run as follows :—

" (*h*) An order showing which plots belonging to the debtor shall be treated as transferred in usufractuary mortgage for what period (not exceeding 20 years in the aggregate) to each creditor for enjoyment in satisfaction of the decree under the award."

8. Section 9 of the Act shall be replaced by the following :—

"9 A joint debt whether ancestral or incurred by the debtor, shall also form subject matter of settlement under section 19 or insolvency under section 22, and in case of such debts the Board after due notice to all the creditors and debtors concerned, shall settle the amount payable by the applicant-debtor to each creditor and shall include such amounts in the award and provide for their satisfaction under section 25 .

Provided however that such separate settlement of joint debt shall be binding on the creditors so far as the award is concerned, but it shall not entitle the debtor to claim right to separate payment in any future suit or proceedings :

Provided further that an order of the Board under this sub-section shall not affect the liability of any other person who is jointly liable with the debtor for the debt, and in no case shall the creditor to whom the debt is due, be entitled to realise more than his proportionate dues from the person jointly liable."

9. In view of the above amendments necessary corollary changes shall be made in sections 7, 21, 28, 29 and any other section affected by the proposed amendments.

STATEMENT OF OBJECTS AND REASONS.

The Agricultural indebtedness of Bengal is largely due to exhorbitant rate of interest charged by the creditors and readily agreed to by the debtors for want of proper Banking facilities. It is the duty of the State to intervene and pull out the debtors from the pit in which they have fallen for reasons not within their control. Agriculturists are the backbone of the country and the prosperity of Bengal depends on the sound economic position of its agriculturists. The interest of the agriculturists has been neglected too long and now when the Legislature have realised the necessity of improving their economic condition by enactments, they should be not half-halting. The Bengal Agricultural Debtor's Act, 1935 (Bengal Act VII of 1936), is defective in dealing with cases when amicable settlement proposals fail. To wait for 40 per cent. amicable settlement and then to give award against non-agreeing creditors, is bound to result in dead-lock in 90 per cent. of cases. Section 21 of the Act is contemplated to give redress to the debtors who offer "fair proposals," but why should not the Board of its own motion examine each debt and determine the amount which is *fairly payable* to each creditor and include them in the award, irrespective of the fact whether the creditors or debtors have agreed or not? If the Boards can give certificates of "fair offer" they can as well determine the amount fairly payable to each debtor according to certain definite principles to be laid down in the rules under the Act and settle all debts once for all. All we need see is that we are not unreasonable, and in trying to help the agriculturists we may not be too hard on the creditors who after all were the only financiers and so long helped the agriculturists in time of need. Twelve per cent. simple interest is not an unreasonable rate and it will certainly be considered by all reasonable men as a good return for the money invested in loans to agriculturists. In the Bill, therefore, provision is made for settlement of debts by adjudication when parties disagree or either of them do not appear in spite of notice.

2. The procedure of recovery of amounts included in the award by certificate on failure of payment of any instalment is bound to result in hardship and involuntary sales. The economic condition of 90 per cent. of the debtors is so precarious that in most cases they will fail to pay the instalments and the certificate procedure will only hasten their ruin. In order that the Act may be of real benefit to the agricultural debtors, it is proposed that instead of merely noting in the award, the amount payable to each creditor on each instalment, the Board shall by order transfer 2/3 of the lands of the debtors to the creditors in usufractuary mortgage for fixed periods for clearance of all debts—the entire land reverting to the debtors free from all debts after 20 years or lesser period. Unless some such compulsory provision be made for ensuring payment of instalments, the labours of the Boards will be entirely wasted.

3. Joint debts are stumbling blocks to debt settlement and unless section 9 of the Act is substantially modified, most of the joint debts will remain untouched. It is desirable to provide for clearance of debts of all descriptions including joint debts so that the agriculturists may be allowed to start with a clean slate within next 15 or 20 years. Separate settlement of the applicant debtors' portion of joint debt as a special contingency is therefore proposed to be provided for with a saving clause that it will not give the debtor any right to claim such separate treatment in any future suit or proceedings.

4. If the amendments as proposed in paragraphs 1, 2 and 3 are passed the Debt Boards will be able to deal with all cases of agricultural debts completely and efficiently. Where the debt is capable of clearance award will be given and orders passed transferring 2/3 of debtor's lands in temporary usufractuary mortgage for a fixed period not exceeding 20 years but when the debt will be found incapable of clearance, insolvency orders will be passed and 2/3 of the debtor's properties sold for payment to all creditors proportionately.

Insertion of sub-section to section 28 of Act I of 1920.

5. In section 28 of Act I of 1920, the following sub-sections shall be inserted:—

28(A) The Executive Officer of the Calcutta Corporation or the chairman of any municipal body of such other town or place to which this Act applies or may be extended, upon information in writing and upon such inquiry if he thinks necessary has reason to believe that an offence against section 6 of Act I of 1920 is being or is about to be or has been committed in any place, he may at any time by day or by night without notice either himself enter and search or, by his writing, authorise any officer not below the rank of Overseer or Engineer or Sanitary Inspector of his municipality to enter and search the place; and such person may arrest without warrant any person committing in his view any offence against section 6 of the said Act.

STATEMENT OF OBJECTS AND REASONS.

The object of this Act is to put an effective check on prevent and stop the crime known as *phooka* by amending Act I of 1920, which so far has not proved to be very efficacious in that respect. The practice of operation of *phooka* by the *gowalas* for wringing the last drop of milk from the milk cows and other milk animals is very prevalent in and around Calcutta and Howrah. There are *khatals* in buildings with boundary walls to avoid detection of the crime; and often times the *gowalas* to avoid the operation of the law to prevent cruelty to animals keep their *khatals* scattered over the districts of 24-Parganas and Howrah just beyond the line where the Bengal Prevention of Cruelty to Animals Act, 1920, is in operation. The practice is so cruel, abominable and heinous that even the Viceroy of India felt called upon to denounce it. Several meetings, very largely attended, presided over by eminent persons in one of which Mr. Fazlal Huq the Premier of Bengal also spoke, were held denouncing the crime and called upon the Legislators and the Government to undertake legislation or amendment of the Existing Law (Act I of 1920). The present Act does not give sufficient scope and authority for the purpose of detecting and eradicating the atrocious practice of *phooka*. In spite of the fact that for some years past, there were prosecutions of some offenders ending in conviction and fine, the crime shows no sign of diminution.

The operation of *phooka* on milch cows which are held in reverence by the Hindus and upon other milch animals is so cruel and so revolting in all conscience and its practise so extensive that to put an effective check on it, amendments to the Bengal Cruelty to Animals Act, 1920, have become imperative.

Hence this measure.

(*2*) British Indian subjects holding foreign dental qualifications, which entitle them to practice in the country where the qualification was obtained.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to regulate the present state of anarchy prevailing in the profession of Dentistry in Bengal. Qualified practitioners have to compete with unqualified men, and the result is not only injurious to the development of dentistry, but also forms a menace to the health of the province. The Government have themselves felt the need of regulations and appointed a few years ago a committee to enquire into the present conditions of dental education in the province and make necessary recommendations.

The present Bill has been drafted in conformity to the suggestions of the said enquiry committee. The problem of regulation is even more urgent to-day, as a large number of foreign dentists of doubtful qualifications have invaded the market and are competing with the trained practitioners. It is proposed to lay down certain conditions for registration as a dental practitioner and in the future allow only such registered dentists to practice the profession of dentistry in the province.

NOTIFICATION.

No. 1704L.C. — 23rd August, 1937. — In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84 (3) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 12th August, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL REVENUE SALES (AMENDMENT) BILL, 1937.

A

BILL

to amend the Bengal Revenue Sales Act (Act XI of 1859).

WHEREAS it is expedient further to amend the Bengal Revenue Sales Act XI of 1859 in the manner hereinafter appearing ;

It is hereby enacted as follows :—

This Act may be called the Bengal Revenue Sales (Amendment) Act of 1937.

It extends to the whole of Bengal.

After section 37 of the Bengal Revenue Sales Act XI of 1859, the following new section may be inserted as sections 37A, 37B and 37C, respectively.

37A. Where immovable property has been sold for non-payment of revenue or other due in due time under the provisions of the Bengal Revenue Sales Act, any person, either owning such property, holding an interest therein, or any person whose interests affected by the sale may, at any time within thirty days from the date of the sale, apply to the collector or the officer holding the sale on his depositing in the court of collector or the officer holding the sale—

(*a*) For payment to the collector or the officer holding the sale the amount specified in the notice or proclamation of sale as that for the recovery of which the sale was ordered, with interest calculated from the date of the certificate to the date when the deposit is made at the rate of 6 per cent.

(*b*) For payment to the purchaser as penalty a sum equal to 5 per cent. of the purchase money but not less than rupee one and for payment to the collector where sale is held for a public demand payable to the collector such outstanding charge due to the Government under any law for the time being in force as the collector certifies to be payable by the applicant or by the estate in default.

37B. (*a*) When in the case of an application under section 37A the deposit required by that section is made within thirty days from the date of sale, the collector or any officer empowered by him shall make an order setting aside the sale provided that no order shall be made unless notice of the application has been given to all.

(*b*) No suit to set aside an order made under this section shall be brought by any person against whom such order is made.

37C. Where a sale of immovable property is set aside under section 37B, the purchaser shall be entitled to an order for refund of his purchase with the penalty, or to an order of repayment, with or without interest, as the court may direct, against any person to whom it has been paid, as the case may be.

STATEMENT OF OBJECTS AND REASONS.

Clauses 37A, B and C are proposed to be inserted in order to provide some opportunity to the owners and the persons having interest in the immovable property which are sold at auction under the provision of the Bengal Revenue Sales Act XI of 1859 as are provided by order 21, rule 89 of the Indian Civil Procedure Code and provision of Public Demands Recovery Act of 1913. Recently, similar provisions have been made in the cases of sales of Patni Taluks. The absence of a provision of law similar to the proposed one is causing hardship and suffering to the proprietors and the persons affected by the sale in more than one way. In majority of cases the estates are sold not so much for the fault of the proprietors as for other causes and without the knowledge of actual proprietor and persons affected by the sale. Sometimes minor owners lose all by the sale brought about by some designing person. Sometimes some of the co-sharers deceitfully bring about the sale of the estate and purchase in favour of some of their relations or protégés in order to deprive some other co-sharer of due share in the estate. The Government revenue would not be affected as the proposed conditions for setting aside the sale are stringent enough to ensure the realisation of Government dues.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bengal Local Self-Government Amendment Bill, 1937, is to do away with nomination to local bodies and also to extend the franchise to include all adult persons within the respective areas of local bodies.

The reasons of such amendment are obvious. The principle of nomination has made local self-government a mockery, and hindered the growth of healthy public opinion and a corporate spirit. The restriction of the franchise has resulted in the creation of cliques and groups who run local bodies for their own interest rather than that of the public in general. It is to remedy that state of affairs that the present Bill is contemplated.

Provided that if any joint debtor dies or becomes entirely disabled or is not heard of for 3 years, the amount of debt due from him shall be written off after necessary enquiry by Circle Officer. The amount of loan to an individual loanee shall not exceed Rs. 10 and the total amount shall not exceed Rs. 75.

(*Sections 10—14*).

11. The maximum amount paid as gratuitous relief to a single person at a time shall not exceed Re. 1 and the total amount paid to a single person in the whole year shall not exceed Rs. 3. Provided however that with Circle Officer's previous sanction the maximum paid in the whole year to a single person may be raised up to Rs. 12 only.

12. Monthly returns of loans and weekly returns of gratuitous relief shall be submitted to Circle Officer by the Presidents of Union Boards.

13. Circle Officers shall check and audit the accounts of the loan and gratuitous relief and shall also satisfy themselves that the loan and the relief are properly granted in every case.

14. Circle Officer shall submit his annual audit report to Collector through Subdivisional Officers in respect of all the unions under his charge.

STATEMENT OF OBJECTS AND REASONS.

In most parts of Bengal at least 25 per cent. of the people do not get even one meal a day during certain part of the year when no employment is available on agricultural works. The agricultural labourers as well as the poorer agriculturists drag a miserable existence during such slack season and the indigents who live on alms or who have to depend entirely on others have also to starve in silence during such time. It is the duty of the state to help the labourers and poorer agriculturists with short-term loans, and the indigent with doles for tiding over those temporary difficulties. Provision is made in this bill, therefore, for granting of short-term loans with no interest but with penalty for default to agricultural labourers and poorer agriculturists for subsistence purpose on joint bond system. Provision is also made for granting gratuitous relief to the indigents to a very limited extent. All civilized countries of Europe have got poor laws of a much extensive character necessitating a huge provision in the Budget. Here in Bengal we should at least give a start to such poor laws by making a modest provision for protecting the people of rural areas from starvation.

15. Omit section 14.

"Provision shall be made in every primary school for the religious instruction, at least thrice in every week, during school hours, of every child attending the school in the religion of the guardian of the child provided that, at the request of in writing of the guardian of any child such child shall be exempted from such religious instruction."

17. Omit sub-clause (*a*) from sub-section (*2*) of section 18.

18. Omit section 21 and section 17A.

STATEMENT OF OBJECTS AND REASONS.

It is universally admitted that there is a necessity of a great improvement in the condition of primary education in Bengal.

There is a great demand for free and compulsory primary education which is the foundation on which alone a nation's progress in all spheres of life rests, and it is thought the only remedy for the removal of mass illiteracy. To remedy this state of affairs the Primary Education Act, of which Mr. Surendra Nath Roy was the author, was passed in 1919 and though more than 16 years have passed, it has produced very little effect. Out of 128 Municipalities only one Municipality, viz., Chittagong, has introduced free and compulsory primary education, and that also for boys only, because the option in the matter was left to the discretion of local bodies. Similarly the scheme prepared by Mr. Biss under which Government undertake to pay half the cost, both capital and recurring, of primary education in any town has made little headway and because local bodies have proved reluctant to find even half the necessary funds. So it is necessary that some much more drastic and effective steps should be taken to compel the Municipalities to introduce free and compulsory primary education in the course of 5 years.

The main objects of this amending Bill are—

(*1*) To provide compulsory attendance at school of all children of ages between 6 to 11 years within the course of five years.

(*2*) To make provision for religious instruction in primary schools.

9. The rate of interest on arrear rent of fisheries shall be 6¼ per cent. per annum if not paid at the end of the year and no damage shall be awarded for non-payment of rent in time.

STATEMENT OF OBJECTS AND REASONS.

The rights of cultivators as against their landlords have been safeguarded by the Bengal Tenancy Act, but there is no law safeguarding the rights and interests of fishermen who form a considerable part of the rural population of this Presidency. In consequence of this, the fishermen are subjected to various exactions at the hands of their immediate landlords, but more particularly from those of the middlemen. It is the general practice in all large fisheries that the proprietor in making settlement with fishermen stipulates that the catches should be sold to his nominee only and to no one else. This nominee also pays a heavy rent or present for his privilege. There are also innumerable exactions in various parts of the country under different names. This system has reduced the fishermen to extreme poverty and their condition in every district is most pitiable This short Bill is introduced in order to ameliorate the condition of this worthy class of workers, to save them from payment of exorbitant rate of interest from 75 to 150 per cent. and to increase the fish supply, which is considered a part of the staple food of Bengal.

With a view to encourage co-operation and through it saving the fishermen from the hands of middlemen and proprietors, this Bill is introduced.

First Forecast of the Cotton Crops of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under the cotton crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore. As the late crop has not yet been sown, this forecast deals only with the early crop.

Character of the season.—The weather was generally favourable for sowing and for the early period of growing. The present outlook is reported to be satisfactory on the whole.

Area sown.—The area sown is reported to be 77,468 acres this year as against 74,222 acres in the corresponding forecast of last year. The increase in area is attributed to the rise in price of cotton.

STATEMENT OF OBJECTS AND REASONS.

Some of the existing provisions of the Bengal Tenancy Act have been found to operate rather harshly on the cultivators. The object of this Bill is not to attempt a radical reform of the existing system of land tenure, but to lessen the burden on the cultivator by making the amendments to the law which appear to be most urgently required.

Among the leading provisions of the Bill will be found the following :—

1. Abolition of landlord's transfer fees and the right to pre-emption.

2. Repeal of Chapter XIIIA which allows landlords the use on certain conditions of the certificate procedure for realising their rents.

3. Giving under-*raiyats* the right to surrender their holdings.

4. Imposing summary penalty for the exaction of *abwabs*.

5. Empowering Government to suspend any or all of the provisions of the Act relating to the enhancement of rent.

6. Giving powers of surrender to tenure-holders.

7. Allowing landlords to sue for a portion of their arrears of rent instead of for the whole amount.

8. Allowing structures solely for religious purposes to be erected on holdings on certain conditions.

9. Giving increased facilities for the subdivision of tenures and holdings.

10. Providing for the suspension or abatement of rent when a tenure or holding is lost by diluvion.

11. Reducing the rate of interest on arrears of rent from 12 *per cent.* to 6¼ *per cent.*

12. Giving occupancy under-*raiyats* the same rights of transfer as occupancy-*raiyats*.

13. Giving facilities to occupancy-*raiyats* to regain possession, under certain conditions, of mortgaged holdings.

(3) **Mrs. Ellen West,**

Opposite Party.

The petitioner, T. E. Martin, seeks to set aside the election of the respondents, L. T. Maguire, J. W. Chippendale and Ellen West, to the Bengal Legislative Assembly from the Anglo-Indian Constituency.

The petition alleges that the respondent Maguire filed the return of his election expenses after the due date; that though the respondent West filed the return of the election expenses before the due date, it was sent back to her as defective, and was not re-submitted by her on correction until after the due date; that there are serious omissions, mistakes, discrepancies and other defects in the returns of election expenses filed by each of the three respondents and that these returns contain certain false statements. The petition further alleges that

the respondents published a letter and a pamphlet containing false allegations, which they knew to be false, against C. Griffiths, who, according to the petitioner, was the leader of the group of Independent candidates which included the petitioner, with a view to prejudice the voters against voting for C. Griffiths; that on the 15th January last, Sir Henry Gidney published, as agent of and in the interests of the respondents, a pamphlet containing certain false statements known to Sir Henry to be false, and that the said false statements and insinuations seriously prejudiced the petitioner in the election.

The petition was duly published in the gazette, and the parties appeared before the Tribunal, in response to a summons for directions, on the 12th July. The petitioner was directed to supply certain particulars. This he did in a petition filed on the 19th July. Paragraphs 2(*b*), 5 to 14, 16 and 17 of this petition were ordered to be struck out as the Commissioners took the view that these paragraphs sought to introduce new allegations in the guise of particulars.

The respondents Maguire and West contended in their written statements that they lodged their returns of election expenses in time. The respondent West further contended that even if it were held that her return was lodged out of time, the disqualification mentioned in section 69(*1*)(*f*) of the Government of India Act had been removed by the Governor. All the respondents denied that the returns lodged by them were false in any material particular. They contended that Sir Henry Gidney was not their agent and that the statements contained in Annexure "C" were true and they believed the same to be true.

The following issues were thereafter framed, the Commissioners not allowing any issue to be raised on the letter and the pamphlet relating to C. Griffiths in the view that the statements in these documents did not relate to the petitioner:—

(1) Are the returns of election expenses submitted by the respondents false in any material particular, as alleged in paragraphs 5, 6, 7 and 8 of the petition and particulars thereto?

(2) Have the respondents or any of them failed to lodge the return of election expenses within the time and in the manner required by paragraph 5 of Part II of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, as alleged in paragraphs 5, 6, 7 and 8 of the petition and the particulars thereto?

(3) Did Sir Henry Gidney as agent of the respondents or any of them or with the connivance of the respondents or their agents publish pamphlet "C" containing the statements relied on in the petition and the particulars thereto?

Did Sir Henry Gidney believe such statements to be false, or did he not believe them to be true, and were such statements reasonably calculated to prejudice the prospects of the petitioner's election? Were such statements in relation to the personal character or conduct of the petitioner?

The return of election expenses filed by the respondent Maguire was challenged (1) as having been submitted after the due date, and (2) as containing false entries.

It was admitted at the Bar that the result of the election was published on the 3rd February, and that the return of election expenses of the respondent Maguire was submitted on the 10th March. Rule 7(*1*) of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, provides that such returns are to be lodged with the Returning Officer "within thirty-five days from" the date of publication of the result of the election. It was contended on behalf of the petitioner that the date of publication of the result of the election is to be included in calculating the thirty-five days, that the return was therefore filed after the due date, and that in the circumstances the respondent Maguire is, under section 69(*1*)(*f*) of the Government of India Act, 1935, disqualified for being a member of the Bengal Legislative Assembly.

The Commissioners are of opinion that in the absence of any provision to the contrary the ordinary rule of construction must prevail, and that the date of publication of the result of the election is to be excluded in calculating the thirty-five days, and that in that view the return was filed within time. According to section 11 of the Bengal General Clauses Act (Bengal Act I of 1899), the use in any Bengal Act of the word "from" shall be sufficient for the purpose of excluding the first in a series of days or any other period of time; and the Commissioners consider that this rule of interpretation should apply to rules made by the Governor of Bengal in Council.

In regard to the entries in the return filed by the respondent Maguire, it was alleged that payments made to the respondent West—another candidate of the same group—had not been entered, and that some of the vouchers in support of these payments had not been filed. The return does in fact contain the dates on which the expenditure was incurred, but it also contains a note to the effect that such expenditure was divided among the candidates in the group, and the complaint apparently is that there is no entry of the date on which this division was made. There is nothing in the rules or in the form to suggest that the dates should be given on which the members of the group adjusted their accounts and no such details could reasonably be required. The vouchers alleged to be wanting are, as indicated in the return itself, with the return filed by the respondent West.

A payment of Rs. 37-8 to the "Statesman", noted in part F of the return, was referred to; and it was contended that the voucher filed was for Rs. 18 only. This amount of Rs. 37-8 however represents only the one-fourth of the group expense under this head payable by the respondent Maguire, the total group expense under this head being Rs. 150. A voucher for Rs. 18 has been filed with this return; a voucher for Rs. 38 has been filed with the return submitted by O. K. Martin; and a voucher for the balance of Rs. 94 has been filed with the return submitted by the respondent West.

It was contended that the names of the payees, and sufficient details of the payments, were not given in part K of the return. As the items in question relate to such payments as cooly hire, taxi fare, etc., the Commissioners consider that the respondent could not be reasonably expected to give the names of the payees, and that the details given by him are sufficient.

The respondent West submitted her return of election expenses on the 5th March. It was returned to her on the 9th March for resubmission after removal of certain defects. She appears to have refiled it after correction on the 13th March. The disqualification due to this failure to lodge the return within the time and in the manner required, was removed by the Governor on the 24th June 1937, by notification No. 10031A.R., published in the *Calcutta Gazette* of the 1st July. The proviso to section 69(*1*)(*f*) of the Government of India Act, 1935, indicates that the disqualification is to take effect on the expiry of one month from the date by which the return ought to have been lodged unless the Governor, acting in his discretion, extends the period. It was contended on behalf of the petitioner that once the disqualification had taken effect after the expiry of this one month, the Governor had no power to remove the disqualification. The Commissioners do not think that the power which section 69(*1*)(*f*) of the Act confers on the Governor, acting in his discretion, to remove the disqualification, is subject to any such limitation. The Commissioners further note that the notification just referred to indicates that the period had already been extended by the Governor under the proviso to section 69(*1*)(*f*) of the Act, to the 30th June.

It was contended that the return submitted by the respondent West was false in respect of the entries in the front part showing Rs. 320-14-1½ as due from O. K. Martin, inasmuch as the return filed by O. K. Martin does not show any amount as due from him. In thus challenging the correctness of this entry in the return submitted by respondent West, the learned advocate for the petitioner assumes the correctness of the return submitted by O. K. Martin—an assumption for which there is, in the opinion of the Commissioners, no warrant, and which certainly does not absolve him from the burden of proving his charge.

The return of election expenses submitted by the respondent Chippendale was challenged on the ground that though he had obtained the sanction of the Returning Officer for the appointment of Messrs. Stoutt, S. Ashkenzie, R. Ashkenzie, Heywood, Wheeler and J. M. Chippendale as his polling agents, the return does not show the payment of any remuneration to them. The respondent states in his written statement that these persons gave their services free as they are friends and relations of the respondent; and the petitioner has not adduced any evidence to prove the payment of any remuneration to any of these persons. It was further contended that the statement in part I of the return, that the Dalhousie Institute was hired for public meetings on the 12th and the 22nd January, is false. The explanation given in the written statement of this respondent is that the institute was hired for the purpose on two days, though a public meeting was actually held there on one day only; and there is no evidence to the contrary. In fact, from the return filed by the respondent West it appears that Rs. 25 has been paid for the hire of the hall on the 15th January (*vide* voucher 16) and that Rs. 25 is still due—obviously for the hire of the hall on a subsequent date. The Commissioners attribute the discrepancy in regard to the first of these two days to a *bona fide* mistake.

These are all the objections urged in regard to the returns.

The pamphlet which is Annexure "C" to the petition was published on the 15th January by Sir Henry Gidney, President of the Anglo-Indian Association, Bengal. It was contended on behalf of the petitioner that this pamphlet was published by Sir Henry on behalf of the respondents and as their agent.

It appears from the written statements filed that the respondents belonged to the group of candidates which sought and obtained the support of the Anglo-Indian Association and its President Sir Henry Gidney. It is not denied that Sir Henry addressed some meetings in support of the candidature of this group; and it is admitted that part of his travelling expenses was met by all the members of this group. It seems to the Commissioners that the respondents had put themselves in the hands of the Association and, therefore, to some extent in the hands of its President, Sir Henry Gidney, and had made common cause with him, for the purpose of promoting their election. The Commissioners, in the circumstances, have no hesitation in holding that Sir Henry was acting as the agent of the respondents in this election. The contention that Sir Henry was acting as President of the Association and in the interests of the community at large, is no answer to this. That appointment and those activities need not prevent Sir Henry Gidney from making common cause with the respondents and from acting in furtherance of their election. It has been laid down time and again in election decisions that the particular facts of each case have to be considered separately and from those facts an inference must be drawn whether or not the agency alleged existed. It has also been held that the mere fact that a person holds office in a society and is working in the interests of that society does not of itself prevent that person from assuming the character of an agent at an election.

On the evidence in this case the Commissioners are satisfied that Sir Henry Gidney was acting as an agent of the respondents so as to make them responsible for the acts which he has committed and which are alleged to constitute a corrupt practice.

The question then arises whether the alleged corrupt practice has been established.

The petitioner contends that the publication of the pamphlet constitutes a corrupt practice within the meaning of paragraph 5 of Part I of the first schedule to the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936.

The elements that must be proved in order to establish the offence—now that agency has been proved—are four—

(*i*) There must be a statement of fact as distinguished from an expression of opinion.

(*ii*) That statement must be false and believed to be false.

(*iii*) It must be in relation to the personal character or conduct of the petitioner as opposed to his public or political character or conduct.

(*iv*) It must be reasonably calculated to prejudice the prospects of the petitioner's election.

The first statement in the pamphlet relied on by the learned advocate for the petitioner is the statement "I have to state that according to the records of the Bengal Provincial Branch, he is neither the President nor even a member of the Howrah Branch of the Association." This is a statement of fact, so that it fulfils the first condition. Does it fulfil the second?

The petitioner deposes that he was at the time a member and the President—or rather Chairman—of the Howrah Branch of the Association. It may be that this statement of the petitioner is true, though the petitioner ought to have put in the records of the Howrah Branch in support thereof. There is, however, no evidence to show that he was at the time a member and the President—or rather Chairman—of the Howrah Branch of the Association "according to the records of the Bengal Provincial Branch". He has produced some letters (Exhibits A to E); but apart from the fact that it is not possible to draw any definite inference from these letters, these letters cannot be treated as "records of the Bengal Provincial Branch". On the other hand, the minutes of the proceedings of a meeting of the Council of the Anglo-Indian and Domiciled European Association, Bengal Provincial Branch, held on the 10th December 1936, produced by the respondents, show that it was resolved therein "That from the evidence before the meeting, it is of definite opinion that Mr. T. E. Martin cannot at present be regarded as a member of the Association and that a copy of this resolution be forwarded to Mr. T. E. Martin for information". It is significant that C. Griffiths, who, according to the petitioner, was his leader at the election, was presiding over the meeting when the above resolution was passed.

The Commissioners do not consider that the above statement in the pamphlet is false.

The statements next relied on occur in paragraph 3 of the pamphlet, and are that the petitioner was "discharged from the East Indian Railway ten years ago, and was later asked to resign from the B. N. Railway after about three years' service". The discharge is admitted. The petitioner has himself produced the certificate from the railway authorities to that effect, but he has sought to introduce evidence as to the reasons for his discharge and the mitigating circumstances which attended it. Once the truth of the statement is admitted, evidence of the attendant circumstances is not relevant to our enquiry; though it is possible that such evidence might be relevant in the statement, though literally true, were deliberately misleading. As regards the resignation from the B. N. Railway, the petitioner, while admitting that he resigned from the B. N. Railway after three years' service, alleges that the statement that he was "asked to resign" is false. In this connection the attention of the Commissioners has been drawn to Exhibit 7, a passage from the draft of a representation by Sir Henry Gidney to the railway authorities in the interests of the petitioner. It is clear from the deposition of the petitioner himself that this draft was prepared on materials supplied by the petitioner, and was corrected by the petitioner. And the passage referred to above is as follows: "Mr. Martin's new superior on the B. N. Railway.....personally advised Mr. Martin to surrender his appointment rather than have his services dispensed with."

In the circumstances, the Commissioners do not consider that in stating that the petitioner was "asked to resign from the B. N. Railway" Sir Henry made a statement which he believed to be false or did not believe to be true.

The next statement referred to occurs towards the close of the same paragraph, and is that aggrieved railwaymen whose petitions the present petitioner drafted "naturally remunerated him for his trouble". The Commissioners do not consider that this statement amounts to a reflection on the personal character or conduct of the petitioner.

The learned advocate for the petitioner finally relied on the expression "a cunning play on the word 'Assembly'" and the sentence "It is a cunning trick to capture votes especially railway votes by Mr. Martin" appearing in paragraph 5 of the pamphlet. The reference is to a paragraph occurring in a manifesto issued by the petitioners and quoted in this pamphlet, in which the petitioner said "That the need for a railway man in the Assembly was recognised by the Association as far back as 1925". The word "Assembly" occurring in the rest of this paragraph of the manifesto had reference to Provincial Assemblies; and the point Sir Henry wanted to make was that anyone reading the paragraph would be led into believing that the word "Assembly" occurring in the sentence quoted above referred to the Provincial Assembly, whereas the 1925 Anglo-Indian Deputation to the Secretary of State for India asked for representation of the railwaymen's interest in the Central Assembly.

The Commissioners consider that the expression and the sentence quoted above are not statements of fact but expressions of opinion—an opinion that could be arrived at *bona fide* on the materials.

The Commissioners are of opinion that the respondents were duly elected and that their election is not liable to be set aside on the grounds alleged by the petitioner, and that this petition should be dismissed with costs, which they assess at Rupees one thousand and two hundred, to be paid by the petitioner to the respondents and to be divided equally among the respondents; and they report to His Excellency the Governor of Bengal accordingly.

NOTIFICATION.

Jalpaiguri.—No. 2975P.H.—31st August 1937.—In exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to make the following rules for the regulation of the supply of filtered water to private premises for domestic purposes in the Jalpaiguri Municipality in the district of Jalpaiguri in supersession of those published in notifications No. 2241P.H., dated the 9th October 1934, and No. 1241P.H., dated the 3rd May 1935.

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 125, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 40 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced. An additional fee of Rs. 35 shall be paid within six months of the date of the application, failing which the connection will be cut off. The total fee shall be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions:—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank shall be suitably covered and protected and shall be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover, overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of an officer of the municipality.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of water corresponding to the annual valuation of such holding, according to the following table:—

For holdings with annual valuations above Rs. 1,200 the daily quantity of water (in gallons) will be calculated as follows:—

Class A.—The valuation divided by 2·5.

Class B.—The valuation divided by 4

A "Class A" holding is one in which enough water-flushed latrines have been installed to serve the whole household, and consequently in which the services of municipal sweepers for the removal of night-soil are unnecessary.

A "Class B" holding is one in which the above condition is not fulfilled.

11. If additional water is required over and above the supply of water referred to in rule 10, requisition shall be made for the same to the Commissioners in form C. The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallons of additional water per day requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in form C.

12. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, he may apply to the Commissioners in form B (obtainable at the municipal office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 10 per tank as cost and also shall pay weekly the following charges during the whole time he retains the temporary connection:—

(*a*) For a supply of 200 gallons per day—annas 8 per day.

(*e*) For a supply of 750 gallons per day—Rs. 1-8 per day.
(*f*) For a supply of 900 gallons per day—Rs. 1-12 per day.
(*g*) For a supply of 1,100 gallons per day—Rs. 2 per day.

He shall state in his application the number of weeks for which the connection is required.

13. On receipt of the application, together with the fees as provided in rule 12, the Commissioners shall forthwith instal within the compound and at a level of two feet above ground an additional storage tank (or tanks) of 300 gallons capacity with ball-valve and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges.

16. The Commissioners may cut off the connection between any waterworks of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz.—

(*a*) if the holding is unoccupied;

(*b*) if the occupier fails to pay his water rate;

(*c*) if the occupier in any way interferes with, damages or alters the service-pipe; and

(*d*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection of the service-pipe or storage tank, or prevents such officer from making such examination or inspection:

Provided that twenty-four hours' notice in writing of such examination or inspection may be demanded.

17. The works required under clause (*b*) of rule 4 shall be carried out by a person or firm employed by owner or occupier and approved by the Commissioners. For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work.

18. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

19. The Commissioners will not be responsible for any interruption or diminution of water-supply due to occurrences beyond their control.

No. F. 35/3/37.—The following Rules which have been made by the Secretary of State for India to regulate appointment to the Indian Civil Service by nomination are published for general information:—

1. These Rules may be called the Indian Civil Service (Nomination) Rules.

2. Every candidate for appointment by nomination to the Indian Civil Service must be a male and either—

(*a*) a British subject of Indian domicile or of European or Indian descent domiciled in Burma whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service; or

(*b*) a ruler or a subject of a State in India in respect of whom a declaration has been made under section 262 (3) of the Government of India Act, 1935.

Provided that in the case of a male British subject the requirements of this rule may be waived by the Secretary of State if he is satisfied that their observance would occasion exceptional hardship and the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

3. Subject to the proviso to Rule 8 of these Rules, a candidate must have attained the age of 21 and must not have attained the age of 24 on the 1st day of January in the year in which the selection is made by the Federal Public Service Commission.

4. A candidate must be free from disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for the Indian Civil Service.

5. A candidate must satisfy the Governor-General in Council that he is in all respects suitable for employment in the Indian Civil Service.

6. A candidate must hold a degree of a University approved by the Governor-General in Council* or the Senior Diploma of the Mayo College, Ajmer. The degree held by a candidate must be a degree in arts, science, or letters, and a degree held in a professional or vocational subject will not be accepted. Any question whether a degree held by a candidate is of a nature qualifying him for nomination to the Indian Civil Service shall be decided by the Federal Public Service Commission, whose decision shall be final.

In exceptional cases the Federal Public Service Commission may on the recommendation of a local Government treat as a qualified candidate a candidate who, though not possessing any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which, in the opinion of the Federal Public Service Commission, justifies his nomination.

7. The Governor-General in Council shall call on the Federal Public Service Commission to recommend such number of candidates as he may direct, selected with regard to the community to which they belong or to such other considerations as he may prescribe.

8. The Federal Public Service Commission shall make their recommendations under Rule 7 primarily from the list of candidates who sat at the annual competitive examination held in India for the Indian Civil Service in the year in which the selection is made.

Provided always that the Federal Public Service Commission may include among the persons to be primarily considered any candidate who has sat at the annual competitive examination held in London for the Indian Civil Service in the year preceding the year in which the selection is made and who, in their opinion, is exceptionally suitable, and that for such candidates the age restriction laid down in Rule 3 shall not apply.

The Federal Public Service Commission may, however, if they consider it necessary, call for fresh names in such numbers and from such Local Governments as the Governor-General in Council may direct.

The Federal Public Service Commission shall recommend from the candidates whom they consider suitable the number directed under Rule 7 in order of preference.

9. The Governor-General in Council shall forward to the Secretary of State for India the recommendations made by the Federal Public Service Commission and shall propose candidates for appointment.

10. Candidates accepted for appointment will be required to proceed to, and remain in, the United Kingdom on probation for such period and in such manner as is prescribed by the Regulations made by the Secretary of State for India for the training in the United Kingdom and the further examination of probationers for the Indian Civil Service.

11. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons who are not themselves acquainted with the candidate's work at school or at the university or otherwise will be disregarded.

They should submit to the Divisional Inspector of Schools, along with their applications for permission to appear at the Test Examination, certificates of training in it from a recognised medical practitioner or from a recognised teacher in hygiene.

4. Application for permission to appear at the Test Examination must be sent in time in duplicate in the enclosed form so as to reach this office not later than the 30th September 1937.

5. The Inspector of Schools on being satisfied will grant necessary permission and will return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Each private student will have to pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is identified by some person known to the headmaster of the institution in which he appears.

7. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of the examination. The headmaster will then deposit the amount realised by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners, clerk and menials) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

8. The headmasters of the institutions named in paragraph 2 above should direct private candidates who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be returned to the headmasters for delivery to the candidates concerned.

9. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

10. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

11. The Matriculation Examination will be held in March 1938, the exact dates of which will be notified by the University.

12. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1936 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

The Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. Resolution on the Report on the working of the Co-operative Societies in the Presidency of Bengal for the year ending 30th June 1936.

GOVERNMENT OF BENGAL.

Co-operative Credit and Rural Indebtedness Department.

Co-operative Societies.

RESOLUTION—No. 6068C.S.

Calcutta, the 27th August 1937.

Read—

The Report on the working of the Co-operative Societies in the Presidency of Bengal for the year ending 30th June 1936.

Khan Bahadur A. M. Arshad Ali was in charge of the department throughout the year. There was no change in the superior staff except for the addition of one Deputy Registrar, Co-operative Societies, from the I.C.S. cadre, whose appointment was noted in the last resolution. Mr. A. Ahmed, the new Deputy Registrar, took over his duties on 11th January 1936.

2. In view of the continued low level of prices for agricultural produce, and of the large accumulation of overdues of principal and interest, the department still found it necessary to follow a policy of restoration and consolidation rather than one of expansion of business, save in exceptional circumstances. Unfortunately, efforts in this direction were materially hampered by the effects of the drought in Burdwan and Presidency Divisions and by local floods in East Bengal. Energies were directed towards the object of assisting the financing banks, of inducing them to balance their budgets for revenue and expenditure and of reducing the overdues and the rates of interest payable by Primary Societies, and thereby of affording relief to the indebted peasantry. In pursuance of this accepted policy, efforts were concentrated upon measures for reconstitution of weak societies, for improvement of collection and for liquidation of hopeless societies. Government note with pleasure the marked improvement in collections made in Dacca Division; the fall in collection in Burdwan Division is attributable to the scarcity that prevailed, but Government regret to observe that there is no special factor to account for the fall in the Rajshahi Division. While it is also satisfactory to record that a number of central banks have successfully managed to reduce their working expenses and the rates of interest charged to primary societies, it is to be noted that there are still many banks whose rates of interest are far too high and whose annual obligatory charges still exceed their revenue.

3. There were five land mortgage banks in operation at Mymensingh, Comilla, Pabna, Jessore and Suri. This was the second year of their experimental working and the progress of the banks has rather been slow, mainly for the reasons enumerated below:—

(*a*) Effect of the high lending rate which could not be lowered as debentures bearing guarantee of Government could not yet be floated;

(*b*) continued low level of agricultural prices and the consequent low repaying capacity of the applicants;

(*c*) unwillingness of the co-sharers to join in the execution of the mortgage bonds;

(*d*) inability of the applicants to produce proper sureties;

(*e*) the introduction of the Bengal Agricultural Debtors' Act, 1935, which raised a hope in the minds of the cultivators that better advantages might be available from the operations of that Act.

Prompt steps are being taken to remedy the defects which have been retarding the progress of these institutions. The net result, however, has been that the banks have not become self-supporting within the first three years of their existence, for which period Government undertook financial responsibility for their management; in the interests of economy steps have been taken since the close of the year for the replacement of Sub-Deputy Collector Managers by departmental auditors with settlement training.

4. Government note with satisfaction that non-agricultural credit institutions are developing and that the utility of these societies is being increasingly recognised by all concerned within and without the movement, and that these have proved to be a boon to their members in general and to the wage earners in particular. Government also note with pleasure the report of good work done by Relief and Rural Reconstruction Societies.

5. In order to facilitate a closer study of the problem confronting co-operative organisations in Bengal and a more detailed consideration of schemes for their improvement, an additional post of Joint Secretary in this department was created in July 1935. A critical investigation was made into the condition of financing banks, and Government appreciate the care which was devoted to the preparation of a report containing a very lucid analysis and constructive suggestions, which they feel confident will prove to be of material assistance in devising measures for the rehabilitation of the co-operative movement. The appointment of a junior officer from the I.C.S. as Additional Deputy Registrar has already been mentioned. It was felt that the Co-operative Department was understaffed and it was not possible for the officers to cope with the work. It was decided therefore that the department should be properly staffed at an early date and that a part of the scheme already sanctioned would be given effect to as soon as possible, as a result of which the number of officers in the various grades would be increased. It was further decided to accept the grant from the Government of India for training the officers of the department and the employees of the Central Banks; in pursuance of this intention a scheme was prepared, and as a preliminary step it was decided to depute twelve departmental officers for training in the Punjab during the winter of 1936-37.

6. It is satisfactory to observe that action has been taken to procure increased efficiency in the conduct of audit, a closer association of the departmental officers in the management of societies in the hope of inducing a fuller and prompter compliance with the advice and suggestions of the department, and a more effective control of the societies' paid staff. At the same time Government cannot but feel concerned at the number of defalcations which have occurred during recent years, more particularly because in some cases irregularities and acts of speculation have extended over a number of years before being detected. Government trust that adequate steps are taken to bring offenders to book, and that with the introduction of the measures mentioned above such instances will recur less frequently in future.

7. Government recognise that the Registrar has worked hard to contend with a very difficult situation during recent years and with an inadequate staff, but they trust that the increase of expenditure on expansion of staff will lead to the more rapid recovery of the movement and to improved standards of administration.

8. Government note with pleasure the Registrar's report that still further measures for improvements have been designed and initiated since the close of the year under review, but they regret that the delay in submission of the report for 1935-36 has caused its consideration to be postponed to more than twelve months after the close of the year.

9. Government have much pleasure in acknowledging the assistance rendered to the movement by the various district and subdivisional officers named by the Registrar. Government also notice with pleasure the good work done by certain departmental officers.

By order of the Governor,

E. W. HOLLAND,
Joint Secy. to the Govt. of Bengal.

2. **K. Ahmed alias Kabiruddin Ahmed,** Barrister-at-Law (of 10, Hastings Street, Calcutta),

Respondents.

The petitioner Khan Bahadur Abul Hayat Khan seeks to set aside the election of the first respondent Maulvi Zahur Ahmed Chowdhury who was declared the returned candidate for the Malda North Muhammadan

Rural Constituency at the recent General Election to the Bengal Legislative Assembly. The agreed facts are as follows:—

The candidates were three in number, the petitioner and the two respondents. The petitioner filed three nomination papers, all of which were rejected. The respondent No. 1 filed four nomination papers, two of which were rejected and one accepted,—no order being passed on the fourth paper. The respondent No. 2 filed three nomination papers all of which were accepted.

In the result the petitioner's nomination was refused and the contest proceeded between the two respondents, the first respondent being elected by 8,687 votes to 1,132 votes. The result of the election was published in the *Calcutta Gazette* on 3rd February 1937.

On the 7th July respondent No. 2 filed a written statement in the form of a petition praying that respondent No. 1 might be disqualified for six years from the date of election and his name removed from the Electoral Roll, and for a declaration that respondent No. 2 had been elected in his place.

This petition was not presented to His Excellency the Governor, and no security for costs was deposited, as required by the rules. The Commissioners were of opinion that in the circumstances the new charges contained in this petition could not be raised on this enquiry but at the request of the advocate for respondent No. 2 they allowed the petition to remain on the file by way of a written statement. Respondent No. 2 has taken no further part in the proceedings. Mr. J. C. Gupta for respondent No. 1 raised a preliminary objection that the petition was premature in that it was not presented "within fourteen days from the date of publication of the notice in the gazette that the return of election expenses had been lodged with the Returning Officer" as provided by Rule 26 of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936. The petition was filed three days after the publication in the gazette of the result of the election and before the first respondent (who is referred to hereafter as "the Respondent") had filed his return of election expenses. The respondent applied to His Excellency the Governor on the 29th March to dismiss the petition on this ground but his application was rejected.

The Commissioners are of opinion that the words "within fourteen days" in rule 26 enable the petition to be presented at any time not later than fourteen days from the date of publication, and they agree with the view that the Rule prescribes the period of limitation but does not preclude the presentation of a petition before the period has begun to run and they dissent from the view which is expressed obiter in Madras North (M) 1935 (Hammond 494 at page 497).

The matter came up for trial on 23rd July when the following issue was raised:—

"Was the nomination paper of the petitioner improperly rejected? If so, has the result of the election been materially affected thereby?"

Mr. Gupta then sought to raise a further issue that although the Returning Officer had rejected the nomination of the petitioner on one ground alone, the petitioner was in fact disqualified from being validly nominated on the ground that he had not the requisite residential qualification to be an elector to enable him to be chosen for this constituency.

This question had not been specifically raised on the pleadings but Mr. Gupta argued that if the petitioner is in fact disqualified for any other reason it cannot be said that the rejection of his nomination materially affected the result of the election. It would be a hardship on the sitting member if the election were declared void because the Returning Officer had rejected the nomination on a ground which could not be upheld, when there was another and a valid ground which, it is stated, was argued before the Returning Officer but on which he has not recorded his decision.

The Commissioners therefore allowed an adjournment to amend the written statement and include this plea upon the respondent paying to the petitioner the costs of the days' hearing which they assessed at Rs. 300. The respondent after further consideration decided that he would not contest the validity of the nomination on any grounds other than those already in issue on the pleadings and the further hearing was resumed on the 13th August.

Mr. N. C. Chatterji for the petitioner contends that his nomination paper was improperly rejected in that it complied substantially with the rules and any defect which it contained was trivial and could mislead no one.

Rule 6 of the Bengal Legislative Assembly (Conduct of Elections) Rules, 1936 empowers the Returning Officer to scrutinise and refuse any nomination on any of the grounds set out in Rule 6, sub-rule (2). Sub-rule (3) directs that "the Returning Officer shall endorse on each nomination paper his decision accepting or rejecting the same, and, if the nomination paper is rejected, he shall record in writing a brief statement of his reasons for such rejection."

The Returning Officer rejected the petitioner's nomination paper and recorded his reasons as follows:—

"Maulvi Z. A. Chowdhury raised the objection that the candidate has not named the constituency on the Electoral Roll of which the name of the candidate is included (eighth item of nomination paper). I find this objection valid. In none of the three nomination papers has the constituency been named. The list of constituencies is definitely given in the Fourth Schedule of the Bengal Electoral Orders and Rules. I must therefore reject the nomination papers—three in number—filed by the above candidate."

The composition of the Provincial Legislatures has been dealt with in the Fifth Schedule to the Government of India Act, 1935—Clause 5 provides that a province.....shall be divided into territorial constituencies of which one division is for the election of persons to fill the Muhammadan seats.

Clause 1 of the Sixth Schedule provides that there shall be an electoral roll for every territorial constituency and every person entered on the roll for that constituency is entitled to vote for that constituency.

The Government of India (Provincial Legislative Assemblies) Order, 1936, Part IV, paragraph 1, provides that the territorial constituencies for Bengal shall be those specified in the Fourth Schedule to the Order. That schedule contains a list of constituencies, and on turning to the list of Muhammadan Rural Constituencies we find the constituency now in dispute entered as shown in paragraph 2 of the petition. It is to be noted that the first column is headed "Name of Constituency" and the second column "Extent of Constituency." The Bengal Legislative Assembly Electoral (Preparation, Revision and Publication of Electoral Rolls) Rules, 1936 provide by rule 18 for the division of the constituency into electoral areas, while rule 23 provides, so far as is material to the area we are now considering, that so much of the Electoral Roll as relates to each union constituted under the Bengal Village Self-Government Act, 1919, shall be published at the office of the union board. The petitioner was qualified as an elector by payment of the union rate and it was to this electoral roll that he referred when filling up his nomination paper. The form of the nomination paper is specified in Schedule I to the Bengal Legislative Assembly Electoral (Conduct of Elections) Rules, 1936.

The first item to be recorded is the "Name of the Constituency for which the candidate is nominated." This was not challenged. According to the Fourth Schedule of the order already referred to, it is "Malda North Muhammadan Rural." The entry is "North Malda Muhammadan Rural."

Item 8, to which exception was taken, requires an entry of the "Constituency on the Electoral Roll of which the name of the candidate is included."

The constituency need not be the same as the constituency for which the candidate is nominated though in this instance they were identical.

The petitioner was apparently impressed by the words "Constituency on the Electoral Roll" and having referred to his Electoral Roll he found the heading "District Malda, Thana English Bazar, Union No. 4, Kotwali" and except that he put "Engraz" for "English" those are exactly the words which he set down against item 8.

The Returning Officer says quite rightly that the "Constituency has not been named," *i.e.*, it has not been given the name which it bears in the Fourth Schedule to the Government of India (Provincial Legislative Assemblies) Order, 1936, which is presumably the order to which the Returning Officer intended to refer by the words "the Fourth Schedule

of the Bengal Electoral Orders and Rules." The question then arises "Was the entry as given sufficient?"

It has been held that the entry in item 8 is for the purpose of identifying the constituency and that the nomination paper should not be rejected if there is no other constituency with which the entry could be confounded. The Returning Officer has power to check the entry with the Electoral Roll and he did so in this instance, and he must have found the petitioner entered there under serial No. 4. That is not contested, nor is his personal identity called in question.

Again in the Fourth Schedule the first column contains the "Name of the Constituency", and the second column the "Extent of the Constituency".

In regard to "Malda North" the second column enumerates the police-stations included, and among them is "English Bazar". That entry alone, it is claimed, establishes the constituency, for no other constituency contains a thana "English Bazar". The Commissioners, while they are of opinion that these words cannot of themselves justify the failure to fill in the entry correctly, consider however that they constitute a factor which may be taken into consideration in deciding whether the defect was slight and unlikely to mislead the electors. The Election Tribunal accepted the nomination paper for that reason in Midnapore South (I. E. P. II., 185) where the constituency was described as "Munshiganj (Dacca) Rural" instead of "Dacca Rural Non-Muhammadan"—a variation which in the view of the Commissioners is potentially more misleading than the variation which is responsible for the rejection here.

Mr. Gupta supports the action of the Returning Officer on the ground that there has been a failure to comply with the provisions of rules 4 and 5 of the Bengal Legislative Assembly Electoral (Conduct of Elections) Rules, 1936, more particularly because in the words of rule 4 (*iv*) the petitioner did not "deliver to the Returning Officer ..... a nomination paper completed in the form specified." He did not seriously contend that the identity or eligibility of the candidate was in doubt, but he relied on the alleged failure to comply with the above provision. He suggested that the legislature had given the Returning Officer a discretion with which the Tribunal should be unwilling to interfere, but this argument takes no account of the specific provisions in the order directing the Tribunal to consider whether there has been an improper acceptance or rejection of a nomination paper and, if so, whether the result of the election has been materially affected thereby. A large number of cases has been cited before the Commissioners but in deciding this question past decisions are of little value for the decision must be based on the particular set of facts present in each case.

After carefully considering the facts of this case the Commissioners are of opinion that the idendity and eligibility of the petitioner were never in doubt, and that the constituency was sufficiently described in his nomination paper to comply with the requirements of the rules, and to notify to the electors the constituency on the electoral roll of which the name of the candidate was included. They accordingly find that the petitioner's nomination paper was improperly rejected, and, since that rejection prevented him from contesting the election, it materially affected the result and the election of the returned candidate is void. Although the Commissioners are of opinion that the reference to the constituency was not misleading, they consider that the petitioner did not comply strictly with the instructions in the rules and that, in the circumstances, each party should bear his own costs save that the respondent No. 1 should pay to the petitioner the sum of Rs. 300 occasioned by the adjournment on 23rd July.

The Commissioners will report to His Excellency the Governor accordingly.

5. **Dhankrishna Saha,** inhabitant of thana Muhammad Bazar, district Birbhum,

Proforma Respondents, opposite party.

The petitioner Jitendra Lal Bannerjee, who was a candidate for election to the Bengal Legislative Assembly at the last General Election from the Birbhum Rural Constituency, seeks a declaration that the election of the respondent No. 1, Sharat Chandra Mukherji, is void on the ground that he was guilty of corrupt practices owing to the publication by him and his agents, and by canvassers on his behalf of leaflets, handbills and circulars containing false statements which they had reason to believe to be false, or could have by ordinary care and diligence ascertained to be false, in relation to his personal character or conduct, and reasonably calculated to prejudice his prospects of election. The petitioner also claims a declaration that he himself has been duly elected, on the ground that he obtained "the next largest number of votes".

Respondents Nos. 2 to 5 were the other candidates for election.

The petition was duly published in the *Calcutta Gazette*, and the petitioner and respondents Nos. 1 and 2 appeared before the Tribunal in response to a summons for directions. The other respondents did not appear.

The respondent No. 1 asked for certain particulars, but on the petitioner intimating that he would confine himself only to the leaflets, handbills and circulars and the agents and canvassers mentioned in the petition, the respondent did not press for the particulars asked for.

The petitioner then asked for leave to refer to certain other passages contained in some of the annexures to the petition as coming within the mischief of paragraph 5 of Part I of Schedule I to the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, hereinafter referred to in this report as "The Order". The leave asked for was granted as the passages occurred in the leaflets already referred to in, and annexed to, the petition, and as the Commissioners were of opinion that the respondent No. 1 could not be prejudiced in his defence in any way, if such leave were granted.

The respondents Nos. 1 and 2 filed separate written statements. The main contentions of the respondent No. 1 are that the statements complained of were mere expressions of opinion, and were in relation to the conduct of the petitioner as a public man, and did not relate to his personal character or conduct. It was further contended that they were not published with a view to damage his prospects at the election. It was also contended that Dhurjhatidas Chakrabarty was not an agent of the respondent and that the statements referred to by the petitioner were based on reliable information received by the respondent and his agents and were believed by them to be true.

The correctness of the translation supplied by the petitioner of the passages referred to by him was not admitted by the respondent, but during the progress of the trial the translations have been accepted as substantially correct.

The only contention of the respondent No. 2 is that the petitioner has failed to comply with the provisions of paragraph 3(2) of Part III of "The Order" and he is not, therefore, entitled to claim the seat himself, in this petition.

The issues settled were:—

(*1*) Were the statements contained in paragraphs 8, 9, 12, 14 and 15 of the original petition and in paragraph 2 of the supplementary petition published by the respondent No. 1 or by his agents mentioned in the petition or by any other person with the connivance of the said respondent or his agent or agents mentioned in the petition?

(*2*) Were the said statements false statements or fact?

(*3*) Did the respondent No. 1 or his agent or agents aforesaid believe them to be false, or had he or they reason to believe them to be false, or could he or they by the exercise of ordinary care and diligence have ascertained that they were false?

(*4*) Were the said statement in relation to the personal character or conduct of the petitioner?

(*5*) Were they reasonably calculated to prejudice the prospects of the petitioner's election?

(*6*) Is the petitioner entitled to the declaration that the election of the respondent No. 1 was void by reason of the corrupt practices alleged to have been committed by him or by his agent or agents?

(*7*) Is the petitioner entitled to the further declaration that he himself has been duly elected from the constituency, in view of his failure to comply with the provisions of paragraph 3 (*2*) of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936?

A preliminary objection was taken by the learned counsel for the respondent No. 1 that the petition should not be entertained, as the petitioner did not specifically allege, either in the original petition or in the supplementary petition, that the statements referred to therein were in relation to the personal character or conduct of the petitioner, and in the absence of any such allegation no offence is alleged.

Counsel further argued that at this stage the petitioner could introduce such a plea only by way of an amendment to the petition—a procedure which he contends is no longer permissible by reason of rule 27 of the Bengal Legislative Assembly and Bengal Council Electoral (Election Expenses and Election Petitions) Rules, 1936.

The petitioner alleged in his petition that the publication of the false statement quoted in his petition constituted a corrupt practice within the meaning of Part I of Schedule I to "The Order". The publication of false statements constitutes a corrupt practice only when the statements are in relation to the personal character or conduct of the candidate or when they are in relation to the candidature or withdrawal of any candidate. The statements referred to were not in relation to the candidature or withdrawal of any candidate, and there was no question of such candidature or withdrawal raised by the petitioner in his petition. It is clear from a perusal of the petition that the petitioner was alleging publication of false statements in relation to his personal character or conduct. The respondent No. 1 also took that view when the issues were framed, and raised the issue "Were the said statements in relation to the personal character or conduct of the petitioner?" There is, therefore, no question of the respondent's being prejudiced in his defence or being taken by surprise. The Commissioners were, in the circumstances, of opinion that no amendment of the petition was necessary and that the petition as framed set out the charges with sufficient particularity.

Issue No. 4 was taken up first and the parties were heard on that issue in respect of all the statements referred to in the original petition and the supplementary petition.

Now, statements in order to come within the mischief of paragraph 5 of Part I of Schedule I to "The Order" must be statements of fact as opposed to statements or expressions of opinion. The statements of fact must further be in relation to the personal character or conduct of the candidate. As observed by Darling J. in Cockermouth (5 Om. & H., 158) "it is not an offence to say something which may be severe about another person nor which may be unjustifiable nor which may be derogatory unless it amounts to a false statement of fact in relation to the personal character or conduct of such a candidate". He further pointed out that "The Act (The Corrupt and Illegal Practices Prevention Act, 1883, 46 and 47 Vict., C. 51 as amended by 58 and 59 Vict., C. 40) says that there is a distinction to be drawn between a false statement of fact, which affects the personal character or conduct of the candidate, and a false statement of fact which deals with the political position or reputation or action of the candidate". The law in India is similar to that in England in this respect. Criticism of political or public conduct must be distinguished from imputations against the personal character or conduct of a candidate. The petitioner is a public man. He was a member of the Bengal Legislative Council from 1926 to 1936 and was the Chairman of the Birbhum District Board. He was a member of the Bengal Provincial Congress Committee for about 30 years till December 1929 or January 1930. He was President of the Bengal Provincial Congress Committee for

some time in 1927, and for many years a member of the All-India Congress Committee. As a member of the Bengal Legislative Council he was connected with the Bengal Tenancy Act Amendment Bill, 1928, and with other legislation. It appears from the passages quoted by the petitioner that the petitioner's conduct, and many of his acts, as a public man were severely criticised by his opponents, but on a consideration of those passages with reference to the context, and upon considering the occasion of the publication of the leaflets, handbills and circulars containing those passages, and the other attending circumstances, the Commissioners are of opinion that all the other passages referred to by the petitioner, except that mentioned in paragraph 2(*a*) of the supplementary petition—which will be dealt with hereafter—are either expressions of opinion, or argumentative statements of the conduct of the petitioner as a public man, and none of them is in relation to his personal character or conduct. They, therefore, consider that those statements do not come within the mischief of paragraph 5 of Part I of Schedule I to "the Order".

With regard to the passage mentioned in paragraph 2(*a*) of the supplementary petition the Commissioners required the parties to adduce evidence and both parties adduced evidence in support of their respective contentions.

The passage complained of occurs in annexure "D", a leaflet in Bengali published under the signature of one Surendra Nath Sarkar, Secretary, Birbhum Congress Committee. The respondent No. 1 admitted that he published it. The petitioner translated the passage thus—"After going to the Council as representative of the Congress, he disobeyed the Congress and stayed on in the Council when Congress directed the leaving of the Councils and in fact did not hesitate to utter a shameless lie in public denying the fact of his being elected with Congress help". The petitioner complains that the last portion of the passage, namely that the petitioner "did not hesitate to utter a shameless lie in public denying the fact of his being elected with Congress help" is false and is a reflection on his personal conduct. He admits that he was elected to the Council with the help of the Congress in 1926 but states that he never denied that fact. He contends that he was never helped by the Congress during his election campaign in the year 1929 but was opposed by the Congress at the time, and the statement that he was elected to the Council with Congress help in 1929 is false.

The petitioner admits that he had publicly denied that he was elected to the Council in 1929 with Congress help, and that appears also from the manifesto admittedly published under his supervision and produced by him before the Commissioners.

Now, a statement in order to come within the mischief of paragraph 5 of Part I to "the Order" must be not only in relation to the personal character or conduct of a candidate but must also be untrue. The onus is on the petitioner to prove the falsity of the statement that he was elected with Congress help. The petitioner has examined himself on this point. The respondent No. 1 who contended that the statement was true examined himself and another witness Narendra Narayan Chakravarty. The petitioner has himself given evidence but on that evidence and on the facts and circumstances disclosed the Commissioners are unable to hold that the statement is untrue.

As already mentioned, the petitioner admits that he was a member of the Bengal Provincial Congress Committee till after the election in 1929 and was the President of that Committee for some time in 1927 and for many years a member of the All-India Congress Committee, and that in 1926 he was elected to the Council with the help of the Congress. His evidence is that he sought the help of the Congress at the time of his election in 1929 also, and the District Congress Committee nominated him as the Congress candidate from the Birbhum district in 1929, but that the Bengal Provincial Congress Committee did not accept the nomination but nominated another person named Abinash Chandra Roy. The petitioner admits that there was a controversy between the Birbhum District Congress Committee and the Bengal Provincial Congress Committee in the matter. The District Congress Committee appears to have had their own way even after the Provincial Congress Committee had nominated another candidate, and, as the evidence shows continued to support the candidature of the petitioner with the result that the nominee of the Provincial Congress

Committee did not submit his nomination paper at all. The District Congress Committee then suggested the name of the petitioner again as the Congress candidate. The petitioner states that this time also the Provincial Congress Committee refused to accept their suggestion, but, on this occasion they did not put forward any nominee of their own. The petitioner admits that many members of the District Congress Committee including the respondent No. 1 supported him in his candidature and that his supporters gave out to the public that he had long been connected with the Congress and would be able to serve the Congress better than the rival candidate (who was not a Congress candidate). The petitioner also admits that the respondent's witness Narendra Narayan Chakravarty, a member of the Bengal Provincial Congress Committee, actively canvassed for him during the election campaign in the year 1929. Narendra Narayan Chakravarty has stated that he told people in public meetings that the petitioner was a Congress candidate, because the petitioner was the approved candidate of the District Congress Committee and no rival candidate had been set up against him by the Bengal Provincial Congress Committee. The evidence of the petitioner is that the polling took place on the 31st May 1929 and the 1st June 1929, and the District Congress Committee elected him as their President shortly after his election to the Legislative Council.

As already stated the nominee of the Provincial Congress Committee retired without even submitting his nomination paper and no rival Congress candidate was set up against the petitioner. The District Congress Committee had nominated him once and suggested his name again as their candidate and the petitioner admits the help of influential members of the District Congress Committee throughout his election campaign in 1929. The evidence adduced by the respondent is also to this effect, but it goes further and states that some of his influential Congress supporters even referred to him as the Congress candidate. The petitioner relies on the fact that he was not the official Congress candidate and contends that Congress help mentioned in the passage means the official help of the Congress as a body. It is true that the petitioner was not an official Congress candidate, but it is equally true that Congress did not set up any rival candidate against the petitioner ultimately, and that a large and influential body of Congress workers was allowed to help him in his election campaign in 1929. It is not even suggested by the petitioner that Congress as a body viewed such help with disfavour. The passage referred to merely states that the petitioner was elected with Congress help. That statement cannot be said to be untrue in the circumstances mentioned. The fact that the petitioner publicly denied that he was elected with Congress help is admitted. The Commissioners think that it would be putting too restricted a construction on the passage if they were to uphold the petitioner's contention.

It is noticeable that the petitioner himself found no fault with this passage in his original petition although it occurs in the first paragraph of annexure "D" though he did complain of a passage in another paragraph of that annexure.

The Commissioners have considered the passage carefully and they are of opinion that the facts and circumstances of the case and the evidence adduced do not justify a finding that the statement is untrue. The petition cannot therefore succeed, and it is not necessary to register any finding on the other issues.

The Commissioners are of opinion that the respondent No. 1 has been duly elected, and that the petition should be dismissed with costs which they assess at Rs. 1,551 of which Rs. 1,500 should be paid by the petitioner to the respondent No. 1 and Rs. 51 to the respondent No. 2, and they report to His Excellency the Governor of Bengal accordingly.

2. The draft will be taken into consideration on or after the 19th November 1937, any objection or suggestion received by the undersigned before that date will be duly considered.

Draft rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 200, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 100 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee shall be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holding for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank shall be suitably covered and protected and shall be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover, overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterlized quarterly at the expense of the owner or occupier under the supervision of an officer of the municipality.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of water corresponding to the water-rate payable on the basis of the annual valuation of such holding, according to the following table:—

The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallons of additional water per day requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in form C.

12. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10, or rules 10 and 11, as the case may be, he may apply to the Commissioners in form B (obtainable at the municipal office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 20 per tank as cost and also shall pay weekly the following charges during the whole time he retains the temporary connection.—

They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges.

16. The Commissioners may cut off the connection between any waterworks of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz.—

(*a*) if the holding is unoccupied;

(*b*) if the occupier fails to pay his water rate;

Resolution on the Annual Report of the Department of Agriculture, Bengal, for the year 1936-37.

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Agriculture.

RESOLUTION—No. 6195AGRI.

Calcutta, the 31st August 1937.

Read—

The Annual Report of the Department of Agriculture, Bengal, for the year 1936-37.

Administration.—Mr. K. McLean held charge of the Department of Agriculture until his death on the 14th January 1937 and was succeeded by Mr. M. Carbery who held charge during the rest of the year. The post of the Assistant Director of Agriculture was also held by Mr. Carbery throughout the year. Messrs. P. C. Chaudhury, Deputy Director of Agriculture, Eastern Circle, J. N. Sarkar, Deputy Director of Agriculture, Western Circle, and S. G. Sharangapani, officiating Deputy Director of Agriculture, Northern Circle, continued in their respective posts throughout the year excepting for a short period when Mr. P. C. Chaudhury went on leave for one month from the 6th July 1936 Rai Sahib Tara Nath Roy officiated in his place and Mr. A. R. Malik, Senior Marketing Officer, carried on the duties of the Deputy Director of Agriculture, Western Circle, in addition to his own during the short period of leave of Mr. J. N. Sarkar from the 3rd to 23rd December 1936. During the year Mr. Gosto Behari Pal was appointed to the Bengal Higher Agricultural Service as Agricultural Chemist and Maulvi Shaikh Muhammad Patwari to the Bengal Lower Agricultural Service as Assistant Agricultural Chemist. Rai Sahib J. K. Biswas, Superintendent of Agriculture and Rai Sahib Tara Nath Roy, Inspector of Agricultural Schools, retired from service with effect from the 16th May 1936 and 16th December 1936, respectively.

General.—Although the season was on the whole a good one for most of the crops, especially jute and winter paddy, the weather in the early part of March was too dry for field operations for autumn crops. The period from May to December was favourable for *kharif* and other crops but it was followed by dry weather in January and *rabi* crops suffered in consequence. Heavy rainfall in the middle of February also affected spring crops in some districts of West and North Bengal.

Research and experiment.—During the year under review seven schemes of research financed by the Imperial Council of Agricultural Research were continued under departmental supervision, the most important of which are those relating to trade rices, sugarcane, animal nutrition and marketing. The importance of these researches cannot be overestimated, not only from the point of view of improvement of agriculture but that of increasing the wealth of the country. Improvement of the quality of trade rices to enable Bengal to hold its own in the foreign market for rice and the growing of sugarcane as a money crop in Bengal are matters of great importance for the amelioration of the economic condition of the agricultural classes. At the present moment when the question of improvement of cattle is receiving earnest attention the cognate problem of animal nutrition is one of special interest. It is hoped that research and experiment in this direction will have far-reaching results. The question of marketing has been engaging serious attention for sometime past; and it is hoped that the valuable information that is being collected will go a great way to improve the markets of the commodities concerned and thereby help the producers to obtain a better price for their goods. Besides these, work on two other schemes, viz., (1) research on linseed crop and (2) investigation into methods of extraction of flax fibre also financed by the Imperial Council of Agricultural Research was commenced during the year. The schemes of research at the Calcutta and Dacca Universities and Bt.-Col. R. N. Chopra's scheme for cultivation of medicinal plants and study of food poison were also continued during the year. A new scheme of research in plant physiology was also taken up by Dr. B. Sen of the Vivekananda Laboratory, Calcutta, with the financial assistance of the Imperial Council of Agricultural Research.

Work in all sections at the Central Research Station at Dacca progressed on approved lines. Jute and flax engaged attention in the Fibre Section, soil, sugarcane and tobacco in the Chemical Section and paddy, pulses and linseed in the Botanical Section. During the year the Mycological Section chiefly concentrated its work on experiments to control the diseases of *pan*. Efforts are also being made to obtain a disease resistant variety of betelvine. It is gratifying to note that remedies suggested for fungus diseases proved beneficial.

Demonstration and propaganda.—During the year the Jute Restriction Campaign was continued and intensive propaganda was launched in order to induce the cultivators to cultivate substitute crops for jute. A sum of Rs. 20,000 was spent in supplying substitute crops such as *aus* paddy, groundnut, sugarcane cuttings, etc. About 4,586 maunds of *aus* paddy, 235 maunds of groundnut, 179,000 sugarcane cuttings, 574 maunds of *til* and smaller quantities of other crops were distributed throughout the jute areas. Sugarcane alone covered an area of 354,000 acres and during the last four years the area under tobacco has increased by over 25,000 acres. A considerable portion of these areas was under departmental varieties and this indicates that the cultivators in general have realised the value of cultivating these approved types.

The scheme for the establishment of seed, paddy and crop demonstration centres was put into operation with the Government of India's grant for rural uplift and 450 demonstration and seed multiplying farms have been set up in the union boards.

The department's programme of demonstration has attracted very considerable public support. District and Union Boards as well as *Khas Mahal*, Court of Wards Estates and private individuals have taken a greatly increased interest and have provided funds for demonstration staff and for distribution of pure seeds.

Animal husbandry.—The improvement of cattle of the province has become one of the prominent questions of the present day. Although the Department of Agriculture was fully alive to its pressing necessity, progress in this direction has hitherto been hampered for want of funds. A portion of the Government of India's first grant for rural uplift was earmarked for cattle improvement and this enabled the initiation of a comprehensive scheme exending over the ten districts of Malda, Rajshahi, Hooghly, Bankura, Nadia, Murshidabad, Noakhali, Tippera, Dacca and Faridpur. It is hoped that with the successful working of the scheme in these districts, it will be possible to stock them completely with half-bred bulls in seven years' time and in the tenth year the whole of the bullock population in these districts will be half bred improved animals and there will be no need for the importation of bullocks from outside the province which costs Bengal 50 lakhs of rupees a year at present. Side by side with this scheme the question of improvement of fodder supply has also been taken up, as any attempt to improve the breed of cattle must necessarily depend on the supply of nourishing food. It is satisfactory to note that the public in Bengal have realised the necessity for improving the condition of their cattle and are co-operating with Government in this direction. In response to an appeal made by His Excellency the Viceroy, monetary contributions and offers of stud bulls were received from numerous private individuals.

Agricultural education.—The training of students in agriculture at the Dacca Secondary Agricultural School and in High English and Middle English Schools was continued during the year. There has been an increasing demand for agricultural training as will be evident from the fact that over 500 applications for admission at the Dacca Agricultural School were received in January last and the number of students receiving training in agriculture in High English and Middle English Schools rose to 3,845. This province previously had no institution for providing higher training in agriculture and consequently students desirous of higher agricultural education had to go outside Bengal. The Basanta Kumar Agricultural Institute, Rajshahi, started during the year out of an endowment made by late Mr. Basanta Kumar Roy of Digapatiya now provides theoretical and practical training in agriculture on a standard that is higher than was hitherto available in the province. A scheme for the establishment of an agricultural institute at Daulatpur in the district of Khulna was taken up during the year. This institution which was started after the close of the year under review also aims at providing higher education in agriculture. Students who have completed the science course in Mathematics, Physics, Chemistry and Botany for the I.Sc. Examination are eligible for admission to the institution. Provision has been made for training of 50 students annually

at the institute. The course of training is essentially practical and includes general agriculture, animal husbandry and dairying and horticulture. Theoretical training is restricted to general lecutres on soils, crops, live-stock, dairying, etc. Lectures are also to be given on rural hygiene, co-operation and subjects appertaining to village life. The course of study is for two years. Government agreed to undertake the liability of meeting the entire capital expenditure amounting to Rs. 2 lakhs and to make a grant-in-aid towards the running of the institute. The institute has been opened very recently and is managed by a Governing Body largely independent of Government control. A start has thus been made towards the provision of facilities for higher agricultural training but more is required before all the needs of the province in this respect can be met. The question of providing further facilities is now engaging the attention of Government.

Jute Committee.—During the year a Central Jute Committee under the control of the Government of India has been constituted. The functions of the Committee are to undertake agricultural, technological and economic research, the improvement of crop forecasting and statistics, the production, testing and distribution of improved seed, enquiries and recommendations relating to banking and transport facilities and transport routes and the improvement of marketing in the interest of jute industry in India. This Committee has commenced its work in close co-operation with the department.

Water-hyacinth.—Concerted action for the destruction of water-hyacinth by organisation of voluntary labour through the persuasive intervention of District and Subdivisional Officers was effectively carried on in several subdivisions of Jessore, Dacca and Tippera districts and the Serajganj subdivision of Pabna district. Government note with satisfaction that in places where an organized campaign of water-hyacinth destruction has been set up the large majority of the people have whole-heartedly co-operated in the efforts to eradicate the pest. In order to ensure the co-operation of a small minority who refuse to co-operate or otherwise obstruct the work, the Bengal Water-hyacinth Act, 1936, was put into force during the year in several districts, *e.g.*, Jessore, Dacca and Tippera, which were declared as notified areas wherein no occupier should allow water-hyacinth to exist in any land, premises or water in his occupation. It is hoped that it will now be possible to eradicate this pest completely by concerted action.

Acknowledgment.—Government are pleased to record their appreciation of the work done by Mr. Carbery. By the sudden death of Mr. McLean, Bengal has lost one of its most efficient and zealous officers. Thanks of Government are due to Mr. H. P. V. Townend, C.I.E., I.C.S., and other officials and non-officials who have helped the department in various ways as well as to the members of the Provincial Agricultural Research Committee for the services rendered by them.

Respondents.

Report.

In this matter the petitioner has appeared and through his advocate has stated that he does not wish to proceed with the petition. He has entered the witness-box and stated on oath that his unwillingness to proceed in this matter is not due to any collusion with the respondent, and the Commissioners accept his evidence.

It has been stated before the Court that the parties are connected with the petition which has already been dealt with by this tribunal in regard to the election in the Rajshahi-*cum*-Malda Muhammadan Constituency and the petitioner states that he is unwilling to continue this enquiry because of financial difficulties and anxieties. When the petition was first filed a number of charges were set out, but when the particulars were supplied it was stated on behalf of the petitioner that he was unwilling to proceed with many of those charges and the allegations which remained were in connection with illegal inducements in order to obtain votes. Since the petitioner is unwilling to give evidence in support of his allegations, the petition must be dismissed.

The Commissioners are of opinion that the returned candidate has been duly elected and that the petitioner should pay to the 1st respondent a sum of Rs. 400 by way of costs and to the 4th respondent a sum of Rs. 255 making a total amount of Rs. 655, and they will report to His Excellency the Governor of Bengal accordingly.

Election Petition No. 9.

In the matter of an election petition under the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, and the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936,

And

In the matter of

1. **Maulvi Tahur Ahmed Choudhury** of village Manakosha, police-station Shibgunj, district Malda, ... Petitioner,

Versus

1. **Maulvi Humayun Reza Choudhury, M.L.C.** (the returned candidate), of village Manakosha, police-station Shibgunj, district Malda, or of Lalpur, police-station Shamshergunj, district Murshidabad, or of 20, Syed Amir Ali Avenue, Calcutta, or of Kotalpukur, police-station Barharwa, district Santhal Parganas,

And

2. **L. R. Fawcus, Esq., I.C.S.,** the Commissioner and Returning Officer, Rajshahi-*cum*-Malda Constituency (Rural) of the Bengal Legislative Council, ... Respondents.

Report.

The petitioner Maulvi Tahur Ahmed Choudhury seeks to set aside the election of the respondent No. 1, Maulvi Humayun Reza Choudhury (hereinafter called "the respondent"), to the Bengal Legislative Council from the Rajshahi-*cum*-Malda Muhammadan Constituency at the bye-election held on the 13th March 1937.

The main allegations in the petition are that the respondent did not have the requisite residential qualification for election, that his nomination paper was improperly accepted inasmuch as both he and his proposer Murtuza Reza Choudhury—who is his brother—had previously exercised their electoral rights during the general election of the Legislative Council held on the 23rd January 1937, as electors Nos. 2 and 4, subdivision Jangipur, district Murshidabad, Presidency Division North Muhammadan Constituency, that on the 13th March 1937, when the bye-election was held, the respondent was not qualified to be chosen and to be a member of the Legislative Council on account of the disqualification incurred by him for failure to submit the return of his election expenses in respect of his candidature for election to the Bengal Legislative Assembly from the Malda South Muhammadan Constituency; that he was, by himself, and by certain others with his connivance, guilty of publication of false statements regarding his candidature, which prejudicially affected the prospect of the petitioner's election. There were also allegations of bribery and of omission of certain items of expenditure from the return of election expenses lodged by the respondent in connection with this bye-election; but at an early stage in the proceedings the allegations of bribery were given up, and the allegations of omission from the return were restricted to conveyance hire.

The petition was duly published in the gazette; and the parties appeared before the Tribunal on the 12th July on a summons for directions. On the following day a petition containing further particulars and purporting to have been verified by the petitioner in Calcutta on the 12th July was filed. The Commissioners were of

opinion that the second respondent (the Returning Officer) was not a necessary party to the proceedings, as no allegation of misconduct had been made against him, and they dismissed him from the enquiry.

The respondent No. 1 filed his written statement on the 26th July alleging that the petition was not maintainable inasmuch as the petitioner was neither an elector of the constituency nor a duly nominated candidate, asserting that he had the requisite residential qualification; that his nomination was properly accepted; that the return of his election expenses in regard to his candidature for election to the Bengal Legislative Assembly from the South Malda Muhammadan Constituency was in order, in that it was sent by registered post before the due date; and that in any case the disqualification, if incurred, had been removed by His Excellency the Governor; that he was not, either by himself or by the persons specified in the petition, guilty of publication of any false statement regarding the candidature of the petitioner or prejudicial to the prospects of the petitioner's election.

The following issues were thereafter framed:—

1. Was the name of Tahur Ahmed Choudhury improperly registered as an elector of the Rajshahi-*cum*-Malda Muhammadan Constituency of the Bengal Legislative Council and was his nomination paper as a candidate for election from the said constituency during the bye-election held on 13th March 1937 improperly accepted for the reasons stated in paragraph 1 of the written statement and is the election petition maintainable at his instance?

2. Had the respondent No. 1 the requisite residential qualification to be elector of "Rajshahi-*cum*-Malda" or of "Presidency Division North Muhammadan Constituency"? Was he qualified to be chosen to fill a seat in the Bengal Legislative Council for the reasons mentioned in the petition?

3. Was Murtuza Reza Choudhury incompetent to propose or second the nomination paper of respondent No. 1 for the reasons mentioned in the petition?

4. Did respondent No. 1 incur the disqualification due to default in filling return of election expenses? If so, was such disqualification removed by reason of the facts stated in paragraph 6 of the written statement?

5. Did the respondent No. 1 file a false return of expenses as alleged in paragraph 8(*b*) of the petition?

6. Was the petitioner present in Calcutta on 12th July 1937, and did he verify the supplementary petition at Calcutta on the date and is his signature therein genuine?

Is the petition entertainable under the circumstances set forth in paragraph 10 of the written statement?

7. Was the respondent No. 1 guilty of publication of false statements in the circular letters as alleged in the supplementary particulars, by himself or by his agents on his behalf with his knowledge and connivance?

8. Do the publications A and B and the statements therein, referred to in paragraphs 4 and 6 of the supplementary petition filed by the petitioner, amount to corrupt practices under Part I of the Schedule?

9. Was the result of the election materially affected on account of the illegalities and corrupt practices alleged in the petition?

The issue regarding the maintainability of the petition was tried first.

Paragraph 3(*1*) of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, read with paragraph 2 of the same Part of the same Order, indicates that the only persons competent to present an election petition against a returned candidate are (*1*) a candidate, (*2*) an elector, and, under certain circumstances (*3*) an officer empowered in this behalf by the Governor. The petitioner is not, of course, such an officer.

Mr. Majumdar, on behalf of the respondent, contended that the petitioner was neither an elector of this constituency since his inclusion in the electoral roll was improper, nor a candidate owing to the irregularity of his nomination. The Commissioners are of opinion that it is unnecessary to express any views on these two questions since the definition of a "candidate" in paragraph 1 of Part III of the above Order, which includes a person who "claims to have been duly nominated", is wide enough to entitle the present petitioner to challenge the validity of this election. They are not prepared to accept the narrower construction advanced by the respondent that in order to present a petition as a candidate the validity of the petitioner's nomination must be undoubted.

Issue No. 6 was then tried. Two witnesses were examined, and some documents were tendered on behalf of the respondent. The petitioner was then examined-in-chief. At this stage, Mr. Gupta, on behalf of the petitioner, intimated that he had advised his client not to contest this issue, that he would not adduce any evidence on, nor press, issues Nos. 5, 7 and 8 and that he would restrict himself to issues Nos. 2 to 4, and to issue No. 9 omitting the words "and corrupt practices".

The parties thereafter called evidence which was mainly directed to the issue regarding the period during which the respondent had been in residence in this constituency.

On behalf of the petitioner it was contended that under paragraph 16(2) of the Government of India (Provincial Legislative Councils) Order, 1936, the respondent was not qualified to be chosen to fill a seat in the Bengal Legislative Council from the Rajshahi-*cum*-Malda Muhammadan Constituency, as he was not entitled to vote in the choice of a member to fill that seat, because he had not the requisite residential qualification mentioned in paragraph 1 of Part IV of the Order, and in paragraph 1 of Part IV of the Sixth Schedule to the Government of India Act, 1935.

The respondent on the other hand contended that he had the requisite residential qualification and that in any case his name having been included in the electoral roll of the constituency he was entitled to vote in the choice of a member to fill the seat from that constituency, and was not therefore disqualified from being chosen to fill the seat on that ground. It was further contended that the electoral roll is final and conclusive as to the qualifications of the respondent, and that the Election Commissioners are precluded from enquiring into the question of the respondent's possession of the necessary qualifications as a voter. It was urged that the electoral roll as revised by the revising authority is binding on the Election Commissioners, except as regards statutory disqualifications.

In a large number of cases, both Indian and English, it has been held that the electoral roll as finally published is binding on the Election Commissioners except when there are statutory disqualifications. In coming to their conclusion in the matter, however, the Commissioners must be guided by the law as laid down in the Government of India Act, 1935, and the Government of India (Provincial Legislative Councils) Order, 1936.

The relevant electoral rule *made* under the Government of India Act, 1919, on which almost all the Indian cases are based, is rule XLIV(*c*) and runs thus—

> "Save as hereinafter provided in this rule, if in the opinion of the Commissioner, the result of the election has been materially affected by the improper acceptance or refusal of any nomination, or the improper reception or refusal of a vote, or the reception of any vote which is void, or any non-compliance with the provisions of the Act or the rules or regulations made thereunder, or by any mistake in the use of any form annexed thereto.....the election of the returned candidate shall be void."

That rule is now embodied in paragraph 7(*1*)(*c*) of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, and is as follows:—

> "Subject to the provisions of this paragraph, if in the opinion of the Commissioners the result of the election has been materially affected by the improper acceptance or rejection of any nomination, or by reason of the fact that any person nominated was not qualified or was disqualified for election, or by the improper reception or refusal of a vote, or by the reception of any vote which is void, or by any non-compliance with the provisions of the Act or of this Order, or of any Act of the Provincial Legislature or Rules relating to the election, or by any mistake in the use of any prescribed form.....the election of the returned candidate shall be void."

The powers of the Election Commissioners have apparently been enlarged by the addition of the words "or by reason of the fact that any person nominated was not qualified or was disqualified for election."

Now, paragraph 4 of the Government of India (Provincial Legislative Councils) Order, 1936, lays down—

> 'There shall be an electoral roll for every territorial constituency, and no person who is not, and except as expressly provided by the Fifth Schedule to the Act and this Order, every person who is, for the time being included in the electoral roll for any such constituency shall be entitled to vote in that constituency."

Paragraph 17 of the Fifth Schedule to the Government of India Act, 1935, provides that—

> "The qualifications entitling a person to vote in territorial constituencies at elections of members of a Provincial Legislative Council, and the qualifications to be possessed by members of such Councils, shall be such as may be prescribed,"

and these qualifications have been prescribed by the Order referred to above.

The Fifth Schedule to the Government of India Act, 1935, and the Order referred to above, expressly provide that certain persons, viz., persons of unsound mind so declared by a competent court, persons undergoing a sentence of transportation, penal servitude, and imprisonment, and certain other persons, shall not be included in the electoral roll "*or vote*" at any election in any territorial constituency. Paragraph 1 of Part IV of the Order provides only that a person shall not be qualified to be "included in the electoral roll" for any territorial constituency unless he has a place of residence in that constituency within the meaning of that paragraph. It does not provide, nor is it provided anywhere else in the Order or in the Fifth Schedule to the Government of India Act, 1935, that such person shall not be "entitled to vote" even if his name had been included in the electoral rolls and was there at the time, though that is the provision in the case of persons of unsound mind and others referred to above.

As already stated, paragraph 4 of the Order provides that unless expressly provided by the Fifth Schedule to the Government of India Act, 1935, or by the Order, every person for the time being included in the electoral roll of a territorial constituency shall be entitled to vote in the choice of a member to fill a seat for that constituency. Paragraph 1 of the Sixth Schedule to the Government of India Act, 1935, which also lays down—

> "There shall be an electoral roll for every territorial constituency and no person who is not, and, except as expressly provided by this Schedule, every person who is, for the time being included in the electoral roll for any such constituency shall be entitled to vote in that constituency."

should also be referred to in this connection; and it may be noted that in that Schedule also there is no provision expressly prohibiting voting by a person who has not the requisite residential qualification but whose name is borne on the electoral roll, although that provision has been made in certain other cases in that Schedule. Paragraph 9 of the Fifth Schedule to the Government of India Act, 1935, makes the Sixth Schedule of that Act applicable to the election of persons to fill the Muhammadan seats.

It is admitted that the name of the petitioner was included in the electoral roll of the Rajshahi-*cum*-Malda Muhammadan Constituency at the time of the election and is still borne there. The petitioner was at liberty to take steps under rule 25 of the Bengal Legislative Council Electoral (Preparation, Revision and Publication of Electoral Rolls) Rules, 1936, for amendment of the electoral roll, if he was not satisfied with the decision of the revising authority; but so long as the respondent's name is on the electoral roll of the constituency, he is certainly entitled to vote in the choice of a member to fill a seat from that constituency, there being no express prohibition in the Fifth or the Sixth Schedule to the Government of India Act, or in the Order, against his doing so.

The ground urged by the petitioner that the respondent was not entitled to vote in the choice of a member to fill the seat from the Rajshahi-*cum*-Malda Muhammadan Constituency, and was not therefore qualified to be chosen to fill a seat from that constituency is, therefore, untenable.

It was next contended that the respondent was incompetent to offer himself as a candidate for election from this constituency and that Murtuza Reza Choudhury was incompetent to propose him as a candidate, by reason of the fact that they had previously exercised their electoral rights in another territorial constituency.

Paragraph 16(2) of the Order already referred to provides that a candidate to be qualified to be chosen to fill a seat in a territorial constituency must be entitled to vote in the choice of a member to fill that seat or any other seat of the same communal description in the same Council. Rule 4(5) of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936, provides that any person whose name is included in the electoral roll of the constituency and who is not subject to any disabilities mentioned in Part I of the said Order for his name being so included may subscribe a nomination paper as proposer or seconder.

Mr. Gupta refers to paragraph 11 of the Order and contends that no person may vote in more than one territorial constituency, that is to say, he may not, if he happens to be on more than one electoral roll, vote, for instance, in the Presidency Division North Muhammadan Constituency at one election and in the Rajshahi-*cum*-Malda Constituency at a bye-election at any time during the three years for which the electoral roll remains in force. From this he argues that the candidate and his proposer having already voted in the Presidency Division North Muhammadan Constituency, the one was not entitled to be chosen, nor the other to act as proposer, in the Rajshahi-*cum*-Malda Muhammadan Constituency. This argument takes no account of the words of the Order which govern the words "in more than one territorial constituency", viz., the words "at the first election" "or at the elections held in every third year". (The reference to the elections every third year is to the provision for retirement of one-third of the members of the Council every third year.)

The Order is made in furtherance of the provisions of the Act, and reference is made to paragraph 7 of the Sixth Schedule which provides that no person shall in any Province vote at a general election in more than one territorial constituency. The whole scheme of the Act and of the Orders in this connection seems to be designed to prohibit a

plurality of votes at the same election. This is well illustrated by Rule 20 of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936, which provides that the elector may be questioned in case of doubt as to his identity and the questions the Presiding Officer may ask are "(2) Have you already voted at the *present* election in this constituency? (3) (And, at the first election held under the Act or at the election held in every third year under the Act), have you already voted at *this* election for the Legislative Council in any other territorial constituency?"

Clearly, the reference is to the first election and to the triennial elections to the Legislative Council.

Mr. Gupta is forced to argue therefore that this bye-election is a part of the "first election."

We can find nothing in the Act, the Orders, or the Rules, which would support such a contention, and Rule 3 of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936, which was referred to by Mr. Gupta mentions the "first elections" to the Council, and a "bye-election" before the triennial election for the purpose of filling a casual vacancy, and seems to draw a distinction between the two.

The framework of this legislation is similar to the framework of the English Act in this respect, and although the English decisions cannot be taken as authoritative on the construction of the recent election law in India, they are valuable as a general indication of principles adopted, and they have always drawn a distinction between a general election and a bye-election. It seems to us clear too on general principles that once an election has been held and the result published it is impossible to say that a subsequent bye-election is a part of the concluded election.

Mr. Gupta's argument cannot therefore prevail; and the Commissioners consider that the respondent was not incompetent to stand for election and Murtuza Reza Choudhury was not incompetent to subscribe his nomination paper as proposer at this bye-election, by reason of their having voted in another constituency at the first election. They are further of opinion that the nomination paper of the respondent was properly accepted by the Returning Officer.

There is, in the view of the Commissioners, no substance in the petitioner's contention that the respondent was not qualified to be chosen, and to be, a member of the Legislative Council on account of the disqualification incurred by him for failure to lodge with the Returning Officer within time the return of his election expenses in respect of his candidature for election to the Bengal Legislative Assembly from the Malda South Muhammadan Constituency. That disqualification was removed by the Governor, acting in his discretion, under section 69(*1*)(*f*) of the Act, before the 30th of June 1937, to which date he had postponed the taking effect of the disqualification.

The Commissioners are of opinion that the respondent was duly elected to the Bengal Legislative Council from the Rajshahi-*cum*-Malda Muhammadan Constituency, that his election is not liable to be set aside on the grounds alleged in the petition, and that the petition should be dismissed with costs which they assess at Rs. 3,255 payable by the petitioner, Rs. 3,000 to the first respondent and Rs. 255 to the second respondent; and they report to His Excellency the Governor of Bengal accordingly.

N. L. HINDLEY,

Registrar, Appellate Side.

BEFORE THE COMMISSIONERS APPOINTED UNDER PARAGRAPH 4, PART III, GOVERNMENT OF INDIA (PROVINCIAL ELECTIONS) (CORRUPT PRACTICES AND ELECTION PETITIONS) ORDER, 1936.

NOTIFICATION.

Pursuant to the provisions of Rule 30(*2*) of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, the following election petition presented under Rule 26 thereof is published for information.

N. G. A. EDGLEY, *President.*

The 13th September 1937.

To HIS EXCELLENCY THE RIGHT HON'BLE SIR JOHN ANDERSON, P.C., G.C.B., G.C.I.E., Governor of the Presidency of Fort William in Bengal.

In the matter of an Election Petition under Part III, Rule 3 of the Bengal Electoral Orders and Rules,

and

In the matter of **Jagadish Chandra Bhattacharyya,** son of Mahim Chandra Bhattacharyya, deceased, residing at Bhaluka, police-station Iswargunge in district Mymensingh, *Petitioner*,

versus

Surendra Mohan Moitra, son of Bhuban Mohan Moitra, deceased, residing at Rajshahi, *Opposite party*.

The humble petition of the petitioner above-mentioned.

Most respectfully sheweth:—

1. That Your Excellency's petitioner is an elector of the North Bengal Municipal (General) Constituency of the Bengal Legislative Assembly and his name is borne on the Electoral Roll of the Gouripur Municipality within the aforesaid constituency, his number on the Electoral Roll being 20 of Ward No. 2 of the Gouripur Municipality.

2. That at the election of candidates for the seat in the Bengal Legislative Assembly from the North Bengal Municipal (General) Constituency held in January 1937, the opposite party Surendra Mohan Moitra was one of the candidates and the other candidate was Dhirendra Kanta Lahiri Chowdhury of Kalipur, police-station Iswargunge, district Mymensingh.

3. That the aforesaid opposite party has been declared elected by the Returning Officer of the North Bengal Municipal (General) Constituency and the said declaration has been published in the *Calcutta Gazette*, dated the 3rd February 1937. The opposite party filed his return of election expenses on the 9th March 1937, and the Returning Officer has caused publication of the Notice under Rule 9 of Bengal Legislative Assembly Electoral (Election Expenses and Election Petitions) Rules in the *Calcutta Gazette*, dated the 18th March 1937.

4. That your petitioner charges the aforesaid opposite party with various corrupt practices and submits that the election of the opposite party has been procured by or has at any rate been materially affected by such corrupt practices, and your petitioner begs to state below the various acts of corrupt practice of which the opposite party has been guilty:

(*i*) That one Satis Chandra Saraswati, a pleader of Rajshahi and an agent of the opposite party, published a letter in the *Ananda Bazar Patrika* (Dak Edition), dated the 22nd January 1937, one day previous to the polling which took place on the 23rd of January 1937, in the course of which the following false and malicious statements were made with knowledge that they were false or without belief in their truth, regarding the rival candidate Dhirendra Kanta Lahiri Chowdhury, namely—

(*a*) that the aforesaid Dhirendra Kanta Lahiri Chowdhury had opposed in the Indian Legislative Assembly the demand made for the release of Mr. Sarat Chandra Bose,

(*b*) that every statement made in a pamphlet published by his manager Padmini Mohan Neogy, which was placed in the hands of every voter, was false and malicious,

(*c*) that in many towns the aforesaid Dhirendra Kanta Lahiri Chowdhury had, accompanied by his zemindar hosts of those towns, threatened voters with ejectment.

(*ii*) The election was affected by undue influence inasmuch as there was interference with the free exercise of the right of secret voting by the electors at the Gaibandha polling centre in the district of Rangpur, where a lady agent of the opposite party accompanied the voters inside the enclosure where ballot boxes were placed and pointed out the box bearing the symbol of the opposite party.

(*iii*) A large number of circulars and posters were issued at the instance of or in the interests of the opposite party which did not contain all the particulars required by Rule 3 of Part III of the First Schedule to the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order.

(*iv*) The Return of Election Expenses filed by the opposite party is false in material particulars and does not show all the expenses incurred by the opposite party for the election.

5. That with regard to the allegations contained in the letter published in the *Ananda Bazar Patrika* referred to in paragraph 4(*i*) (*a*) above, your petitioner states that there was a strong resentment in the minds of the bulk of the electors of the constituency over the detention of Mr. Sarat Chandra Bose without trial for a long time, and upon his release he became an idol of the people as was evidenced by the great reception accorded to him by the public when he went to Mymensingh and other places within the constituency. The statement that Babu Dhirendra Kanta Lahiri Chowdhury had opposed the demand for the release of Mr. Bose was utterly false and malicious and must have been known by the writer to be false. The circulation of this false statement on the eve of the elections, at a time when Babu Dhirendra Kanta had no time to circulate any statement contradicting it, created a great deal of prejudice against him and must have strongly influenced the electors to vote against him.

6. That the two other statements made in the aforesaid letter were also false to the knowledge of the writer and were deliberately made with a view to mislead and prejudice the electors, and your petitioner believes that all the statements were made with the knowledge and connivance of the opposite party.

7. That with regard to the statements in paragraph 4(*iii*) above, your petitioner begs leave to refer to the list under Rule 27(2) of Part III, page 145 of Bengal Electoral Conduct of Election Rules filed herewith in which the details of the corrupt practices referred to in the aforesaid sub-paragraphs are given, and Your Excellency's petitioner prays that the aforesaid statements may be read as a part of this petition.

8. That Your Excellency's petitioner submits that by reason of the corrupt practices specified above which has materially affected the result of the aforesaid election, the election of the opposite party is liable to be declared void under Part III, Rule 7 of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Orders.

9. That a treasury receipt for Rupees one thousand as security for costs of this petition is enclosed herein under Rule 29, page 146 of the Bengal Legislative Assembly Electoral (Election Expenses and Election Petitions) Rules, 1936.

Your petitioner therefore humbly prays that Your Excellency may be pleased to appoint Commissioners for the trial of this petition and that upon hearing the parties the election of the opposite party may be declared to be void or to pass such other or further orders as to Your Excellency may seem fit.

And your petitioner as in duty bound shall ever pray.

JAGADISH CHANDRA BHATTACHARYYA.

Bhaluka, p. o. Gouripur (Mymensingh), the 29th March 1937.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Jute Crop of Bengal, 1937.

[NOTE.—**On an average of the five years ending 1935-36, the area under jute in Bengal, to which this forecast relates, represents some 85·9 per cent. of the total area under jute in British India.**]

Season.—After the issue of the Preliminary Forecast, conditions were generally favourable for growth and development of late crop in North and parts of East Bengal. In certain highland tracts, however, the crop could not recover from the evil effects of both drought and unfavourable rainfall, and the outturn was reduced in consequence. Elsewhere the crop flourished well. Monsoon weather proved beneficial for the growth in West Bengal and for harvesting operation in North and East Bengal although in the early part of the season temporary lack of steeping water was felt in parts of North Bengal.

Condition of the Crop.—There have been occasional reports of a little damage done by insects, but the chief effect on the outturn has been caused by unfavourable rainfall during the early stage of the plant's growth. This has considerably affected the output in most districts of the province, and is particularly so in the central areas of Mymensingh, as well as to some extent in Sadar area of Tippera.

The general condition of the crop can only be regarded as fairly satisfactory.

Area of the Crop.—The area under jute is estimated to be 2,203,200 acres as against 2,251,150 acres (revised) in 1936.

Outturn.—As in previous years, the percentage figures are calculated on the basis of Divisional normals which remain as follows:—

	Bales per acre.
Dacca and Chittagong Divisions	... 3·7
Rajshahi Division	... 3·5
Presidency and Burdwan Divisions	... 3·2

The total outturn of the crop is estimated at 7,071,600 bales as against 8,035,900 bales (revised) last year.

Stocks.—It is reported that only very small stocks remain in the districts.

M. CARBERY,
Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BIHAR.

Final Forecast of the Jute Crop of Bihar, 1937.

[NOTE.—**On an average of the five years ending 1935-36, the area under jute, to which the Bihar forecast relates, represents about 6·5 per cent. of the total area under jute in British India.**]

Acreage.—The final district returns of the six jute-growing districts of the province show an area under jute of 445,000 acres. Last year's estimate of the area under the crop was 463,600 acres (revised).

Weather conditions.—In March scanty showers fell in all the jute-growing districts except Darbhanga and Purnea. The fall was below the normal. In April light rain fell in all the jute districts. The fall was below the normal everywhere. In May moderate rain fell in all the jute-growing districts. The fall was above the normal everywhere except in Purnea where it was slightly below the normal. In June light rain fell in all the jute districts except Muzaffarpur. In July light rain fell in all the jute districts, the fall being below the normal everywhere. In August rain fell in all the jute districts. The weather and rainfall are reported to have been unfavourable for the growth of the crop at the beginning in the most important jute district of Purnea. It was however favourable in Champaran and Darbhanga and fair in the remaining districts.

Outturn.—In the important jute district of Purnea the outturn of the crop has been estimated at 60 per cent. of the normal. Champaran reports 92 per cent., Muzaffarpur, Darbhanga, Bhagalpur and the Santal Parganas report 81, 40, 68 and 75 per cent., respectively.

I estimate that the outturn this year will be 60 per cent. of the normal. Recent enquiries about the normal outturn per acre show that the normal outturn per acre is $3\frac{1}{3}$ bales, and on this basis the gross outturn on 445,000 acres estimated to be under jute in this province comes to 896,400 bales, against 1,084,500 bales (revised) last year. Adding 25,000 bales, the estimated imports from Nepal, the forecast figure for Bihar comes to 921,400 bales.

DEPARTMENT OF DEVELOPMENT, ORISSA.

Final Forecast of the Jute Crop of Orissa, 1937.

[NOTE.—**On an average of the five years ending 1935-36, the area under jute, to which the Orissa forecast relates, represents about 0·8 per cent. of the total area under jute in British India.**]

Acreage.—In the preliminary forecast, areas were shown under the crop in districts Sambalpur, Ganjam and Koraput. On subsequent enquiry it has been found that jute proper is not grown in these districts. In district Puri jute proper is grown in some parts in small plots of homestead land. As the total area is insignificant and the plant is grown for the domestic use of the cultivators, the figures for this district have been excluded from the forecast.

The final district returns of the two jute-growing districts of the Province (Cuttack and Balasore) show an area under jute of 15,300 acres. Last year's estimate of the area under the crop was 13,500 acres.

Season.—The weather conditions at the commencement of the season were favourable for sowings. There was in consequence an increase in the area sown. Subsequent conditions on the whole favoured growth and development till the first week of August, when heavy floods in the district of Cuttack damaged the crop to a great extent over a large area.

Outturn.—The outturn of the crop has been estimated at 62 and 70 per cent. of the normal in Cuttack and Balasore districts, respectively.

According to the estimates of the District Officers, the outturn of the crop this year will not be less than 63 per cent. of the normal. On the basis of $3\frac{1}{3}$ bales, as the normal outturn per acre, the gross outturn on 15,300 acres estimated to be under jute in this Province comes to 31,900 bales against 28,800 bales of last year.

DEPARTMENT OF AGRICULTURE, ASSAM.

Final Forecast of the Jute Crop of Assam, 1937.

[NOTE.—**On the average of the five years ending 1935-36, the area under jute in Assam represents some 5·7 per cent. of the total area under jute in British India.**]

Season.—As explained in the preliminary forecast, weather conditions were not satisfactory in the beginning of the season but improved to some extent later although rainfall was scanty in most of the districts. Drought affected the crop considerably and hence the outturn is estimated to be below the normal. Insects also caused some damage in Nowgong and Sibsagar.

Area.—The area has been estimated by the Deputy Commissioners to be 197,700 acres as compared with last year's actual area of 157,500 acres, and this year's preliminary forecast of 152,700 acres. The areas reported in the preliminary forecast have been revised in four districts. This comparatively large increase is due mainly to the revision of figures in Sylhet based on actual survey.

Outturn.—The outturn per acre has been estimated to be 86 per cent. of the normal against 84 per cent. of last year. Taking 3·5 bales of 400 lbs. each of jute fibre as the normal yield per acre, the total produce of the province this year amounts to 592,800 bales against 461,700 bales (revised) of last year, or an increase of about 28 per cent.

Cachar (Plains)	200	200	200	84	70	600	500	Middle of August. Early.	The weather from June to August was unfavourable due to drought. This accounts for the low estimated outturn.
Sylhet ..	13,000	13,300	37,200	85	85	39,600	110,700	Middle of August. Normal.	The increase is due to actual survey of jute area in the district. The weather was unfavourable at sowing time but improved considerably afterwards. Unfavourable weather condition is responsible for the low outturn.
Goalpara ..	60,000	44,000	58,300	85	95	130,900	193,800	First week of July. Normal.	The increase in area is attributed to the rise in the price of jute last year. The weather was generally favourable for the crop and almost a normal outturn is anticipated.
Kamrup ..	39,800	33,900	35,700	75	83	89,000	103,700	First week of August. Normal.	Gradual extension of cultivation is the cause of increase in area. The weather from June was generally favourable in spite of the fact that rainfall was scanty which affected the crop to some extent. This accounts for the low outturn.
Darrang ..	12,100	10,300	10,300	85	85	30,600	30,600	Middle of July. Normal.	The weather was unfavourable during June and July owing to scanty rainfall but has since improved. Due to unfavourable weather condition the outturn is anticipated to be low.
Nowgong ..	50,000	50,500	50,500	90	80	159,100	141,400	Ditto ..	The weather on the whole was not quite favourable for the crop. There were light showers during the period of weeding which retarded the growth. Kopili-flood and insects also cause some damage. These account for the low outturn.
Sibsagar ..	300	400	400	90	90	1,300	1,300	First week of August. Normal.	The weather during June and July was dry which affected the growth of the crop. Insects also caused some damage to the crop in places.
Lakhimpur ..	700	900	1,000	90	91	2,800	3,200	Last part of July. Early.	The weather was generally favourable for the cultivation and growth of the crop and a fair outturn is expected.
Garo Hills (Plains).	5,000	4,000	4,100	56	53	7,800	7,000	Last part of July. Normal.	The weather condition from June to August was not favourable for the crop. Excessive rain also obstructed the weeding operation greatly and the crop did not thrive well. These account for the very low outturn.

RESOLUTION—No. 2575Misc.

Calcutta, the 10th September 1937.

Read—

A report on the working of the Bengal Children Act, 1922, the Bengal Suppression of Immoral Traffic Act, 1933, the Reformatory Schools Act of 1897 and the Bengal Borstal Schools Act, 1928.

The Governor desires to place on record his great appreciation of the public service rendered by the various non-official bodies and voluntary associations mentioned in the report in connection with the working of these Acts. With the limited resources at their disposal they are, however, unable to deal adequately with the vast problems which the Acts were designed to solve, and it is hoped that the public will recognise the valuable work which these associations have undertaken and the need for the maintenance and expansion of their activities, and will continue to increase their support and sympathy.

Order.—Ordered that copies of the resolution be forwarded to the Director of Public Instruction, Bengal, the Commissioner of Police, Calcutta, the Inspector-General of Police, Bengal, and the Inspector-General of Prisons, Bengal, for information.

Ordered also that the resolution, together with the report, be published in the *Calcutta Gazette*.

By order of the Governor,

T. M. Dow,

Secy. to the Govt. of Bengal.

Report on the Administration of the Bengal Children Act, 1922, the Bengal Suppression of Immoral Traffic Act, 1933, the Bengal Borstal Schools Act, 1928, and the Reformatory Schools Act, 1897, for the year 1936.

The Bengal Children Act extends only to the town of Calcutta, the suburbs and the port of Calcutta, the municipality of Howrah, the police-stations of Bally, Jagacha, Sankrail and Domjur in the district of Howrah and the police-stations of Baranagar, Barrackpore, Titta-garh, Noapara, Khardah, Naihati and Jagatdal in the district of the 24-Parganas. The following sections of the Act have not yet been brought into force in any part of Bengal:—

Section 27(*1*), (*i*), (*ii*), (*iii*), (*a*), (*b*), (*c*), (*d*), (*e*) and (*f*).

Section 27(*2*), (*a*), (*b*), (*c*), (*d*) and (*f*).

Section 28(*2*).

The Bengal Suppression of Immoral Traffic Act is in force in the town, suburbs and port of Calcutta and at Panihati in the district of the 24-Parganas.

The Reformatory Schools Act applies to that part of the province in which the Bengal Children Act is not in force.

Boy offenders dealt with by Courts in the Children Act area are sent to the Reformatory and Industrial Schools at Alipore and those from outside this area to the Reformatory School at Hazaribagh in the Province of Bihar under the provisions of the Reformatory Schools Act.

2. During the year under report, 3,957 children were dealt with by the Central Children Court, Calcutta. The great majority of these were sent up for offences under section 66 of the Calcutta Police Act, but 19 were prosecuted under the Bengal Children Act, 7 under the Bengal Suppression of Immoral Traffic Act and about 126 for theft and similar offences under the Indian Penal Code.

Ninety-two of these children were sent to a school or other place of custody distributed as follows:—

Reformatory School, Alipore	...	65
Industrial School, Alipore	...	12
Gobinda Kumar Home, Panihati	...	7
Salvation Army Home, Behala	...	4
Society for the Protection of Children in India	...	4
Total	...	92

Others were fined or made over to their guardians while most of those sent up under the Police Act were warned and discharged.

3. The Reformatory and Industrial Schools, Alipore, which are for boys only, are maintained by Government, while the Salvation Army Women's Industrial Home at Behala provides a Reformatory School for girls. The following have been notified as places of suitable custody under section 28(*1*) of the Bengal Children Act and under section 27(*2*)(*b*) of the Bengal Suppression of Immoral Traffic Act:—

(*a*) The Gobinda Kumar Home, Panihati.

(*b*) The Salvation Army Women's Industrial Home, Behala.

(*c*) The Calcutta Protestant Home, commonly called the Fendal Home.

(*d*) The Society for the Protection of Children in India, Calcutta.

4. *Controlling agencies.*—The Director of Public Instruction, Bengal, continued to be the Chief Inspector of Reformatory and Industrial Schools, with Mr. A. Macdonald and Mr. J. M. Sen as Assistant Inspectors. The Inspectress of Schools, Presidency and Burdwan Divisions, was Assistant Inspector of Reformatory and Industrial Schools for girls.

The places of suitable custody recognised by Government as eligible for grants are inspected by three ladies appointed for the purpose.

5. *Administration.*—The following is a brief summary of the activities of the various institutions working under these Acts:—

(1) *Reformatory and Industrial Schools, Alipore.*—These schools, which have been established by Government under section 6(*1*) of the Bengal Children Act, are under the general administrative control of the Director of Public Instruction, Bengal, while their immediate management is vested in the Superintendent and a Managing Committee appointed under section 7(*1*) of the Act.

The combined institutions have accommodation for 350 boys and the entire cost is met from Provincial revenues.

On 31st December 1936, the number of boys in the Reformatory School was 213 against 177 and 143 in 1935 and 1934, respectively, and in the Industrial School the number was 59 against 61 in 1935 and 68 in 1934. The total number of boys in the two schools was thus 211 in 1934, 238 in 1935 and 272 in 1936.

The number of fresh admissions during 1936 was 79 in all, viz., 68 in the Reformatory and 11 in the Industrial School, of whom 73 had been convicted of theft or similar offences.

One hundred and fifty-three of the boys in the two schools on the 31st December 1936 were Hindus, one hundred and nine Muslims, nine Christians and one Buddhist. The number of Bengali-speaking boys increased from 88 to 102 and of Hindi-speaking boys from 67 to 83, while the number of Urdu-speaking boys decreased from 69 to 68. Of the 272 boys in the two schools, only 101 belonged properly to Bengal, while the rest were natives of other provinces but were either domiciled in Bengal or had come there temporarily mainly from Bihar and the United Provinces.

Twenty-eight boys were released from the Reformatory School and twelve boys from the Industrial School on the expiry of their terms. Two boys of the Reformatory School were released on license. Of the boys released during the year, 20 were made over to the Bengal After-care Association and the rest to their guardians.

Five boys of the Reformatory School and two boys of the Industrial School escaped: two of them from outside hospital and two from Scout Rally outside. The last two returned to school of their own accord after a few days' stay outside. The general discipline among the boys was, on the whole, quite good.

Primary education is imparted up to class V and the boys also receive vocational training in tinsmithy, blacksmithy, weaving, carpentry and tailoring. The education of the pupils is conducted through the medium of Bengali, Hindi and Urdu in accordance with an approved syllabus. The results of the annual examinations were good. Facilities are given for moral and religious instruction and observance.

Visits to various places of interest such as the Zoo, the Botanical Gardens, the Victoria Memorial, the Eden Gardens and the Agri-Horticultural gardens, etc., were arranged as in previous years. Seventeen boys were allowed to go home quite unattended for one or two days during the last half of their detention and they all returned to schools in time.

The improved diet, introduced since 1932, has had a marked effect upon the general health of the boys. The boys took part in regular games and physical exercises including gymnastics and drill. They acquitted themselves creditably in the various demonstrations.

The total expenditure on the schools in 1936 was Rs. 51,516 against Rs. 48,484 in the previous year, and the average cost of maintaining and educating each pupil was Rs. 198-9-3 per annum against Rs. 214-8 in 1935.

(2) *Gobinda Kumar Home.*—This Home is intended for the reception of Indian girls dealt with under the Bengal Suppression of Immoral Traffic Act and the Bengal Children Act.

On 31st December 1936, there were 93 girls varying from 3 to 16 years of age, as against 86 in 1935. All of them were Hindus. The province of origin of four of them is not known. Of the remaining, 81 were Bengalis and the rest of other provinces. There were seven fresh admissions during the year. All of them were dealt with under the Bengal Children Act or the Immoral Traffic Act.

There is a primary school attached to the Home, where training is given up to class IV. The girls also do weaving, spinning, knitting, embroidery, crochet and drawn-thread work. Garments, gunny carpets and bags are also made.

The general health of the girls was good and their conduct satisfactory. They do all their household duties themselves.

The cost of maintaining the Home during 1936 was Rs. 14,155-7-3, of which Rs. 11,051-10-6 was met by Government grant. The average cost of maintaining each girl was Rs. 11-8-6 a month as against Rs. 12-4-8 per mensem in the previous year. Of this Rs. 10 was as usual contributed by Government in the shape of capitation grant and the balance was met from private sources.

(3) *Salvation Army Women's Industrial Home for Girls, Behala.*—This Home also caters for Indian girls dealt with under the two Acts. Its present capacity is 120 girls, and the number of girls in the Home on the 31st December 1936 was 72.

Five Hindu girls and one Muhammadan, varying from 7 to 17 years of age, who were all Bengalis, were sent to the Home by the Court. They were all rescued from houses of ill-fame. Three of them were dealt with under section 14 of the Bengal Suppression of Immoral Traffic Act and the remaining three under the Bengal Children Act.

Their educational progress in the Home was generally fair and the health of all the girls was on the whole good during the year. The girls were taught house-keeping, in addition to general education.

The Home received from Government a maintenance grant of Rs. 1,200 in addition to Rs. 3,031-1-9 on account of capitation grant for the girls sent there by the Court, and Rs. 126-6 paid to them in respect of the girls occasionally kept there while their cases were pending in Court or under investigation by the Police. Public subscriptions amounted to about Rs. 1,445.

The total cost incurred in the maintenance of the Home during the year was about Rs. 11,000, and the cost of maintaining each girl during the year was Rs. 12-7-4 per mensem.

(4) *The Calcutta Protestant Home (Fendall Home).*—This Home is a Rescue Home for European and Anglo-Indian women and girls. A fair number of the girls, who came to the Home during the year 1936, were those needing a home while they were looking for work as well as those who came there in trouble.

During the year under review, 40 girls as against 41 in the last year, left the Home; 3 were married, 13 found new situations, 19 returned to relatives, 2 took up hospital training, 1 was sent to a boarding school, and 2 died.

The girls in the Home do fancy work of all kinds and make sample tea and money bags for business firms. They are paid according to the quantity and quality of the work done and the balance goes to the Home.

No girls dealt with under the Bengal Children Act or the Bengal Suppression of Immoral Traffic Act were sent to the Home during the year under review.

The Home received the usual maintenance grant of Rs. 960 from Government and its income from collection and donations amounted to Rs. 7,567.

(5) *Society for the Protection of Children in India.*—The number of children who were in the Society's custody or care or who were in one sense or another under its protection or at school as its wards during 1936 was 239. The number of new cases registered during the year was 616 all of whom were children.

The Society received the usual maintenance grant of Rs. 1,600 from Government. Its total expenditure during the year amounted to Rs. 37,083.

(6) *Hazaribagh Reformatory School*:—The Reformatory School at Hazaribagh under the control of the Government of Bihar continued to receive youthful offenders of this province sent by Courts of the districts to which the provisions of the Bengal Children Act have not been extended.

During the year under review one boy, who had been convicted in Bengal, was discharged from the school under section 13(2) of the Reformatory Schools Act of 1897.

(7) *Bengal After-care Association for Juveniles and Adolescents.*—One hundred and seventy-seven boys were staying in the hostel of the Association in 1936. One hundred and seven were received from the Borstal School, Bankura, 21 from the Reformatory and Industrial Schools at Alipore, 39 from the Alipore Central Jail and 10 from other Jails.

The industrial section of the hostel, which was opened in 1935, is making steady progress. The students receive regular training in carpentry, tinsmithy, book-binding and *durree* weaving. They also attend night school and receive instruction in hygiene, citizenship, &c.

A radio has been installed in the hostel. Boys take part in regular games and exercise, and were taken on excursions to such places of interest as the Zoo, the Indian Museum, the Docks and the Dhakuria Lake.

The Association received the usual maintenance grant of Rs. 2,400 from Government. The total receipts of the Association during the year were about Rs. 6,082 against an expenditure of Rs. 6,039.

The mufassil work of the Association is undertaken by several district associations. Where no such association exists, it is done with the help of the District Magistrates and union boards.

(8) *The All-Bengal Women's Union.*—The All-Bengal Women's Union, which was founded in the year 1932, has for its aims the abolition of commercial vice and of the exploitation and contamination of women and young persons. It is recognised by Government for the purposes of clause (*c*), sub-section (7) of section 4 of the Bengal Suppression of Immoral Traffic Act. It has also recently been recognised for the purposes of clauses (*1*) and (*2*) of section 14 of the same Act.

The Union founded in November 1932 an After-care Home called the "All-Bengal Women's Industrial Institution" at Dum Dum Cantonment in a Government of India building made over to it at a

concession rent of Rs. 32-8 per mensem towards the payment of which this Government made a contribution of Rs. 150 per annum to the Union. Girls from 14 years upwards sent from different Rescue Homes in the Province are admitted into the Home, which has at present 17 girls in residence. The Union is responsible for all the expenses of the Home.

The inmates of the Home receive general education up to class VI and industrial training in weaving, knitting, plain sewing and embroidery. Their progress in weaving and needlework has been good. The girls are paid 10 per cent. of the sale-proceeds of the articles made by them.

The health of the girls has been good on the whole. They were taken on excursions to the Aerodrome at Dum-Dum and also to the Botanical Gardens.

The chief item of interest in the Home, during the year under review, has been the enrolment of the girls as Girl Guides and their attendance at the Guide Training Camp at Dum-Dum and that of selected girls at the training camp at Kalimpong.

6. *Probation work.*—During the period under review 273 children were on probation under the charge of the four probation officers including two lady officers, against 249 of the last year. The volume of work during the year was thus on the increase as compared with that of the previous year. The probationers were dealt with under the Bengal Children Act and the Immoral Traffic Act.

The men probation officers visited boys under their charge almost every week and lady probation officers generally twice a month. They had also to make initial enquiries into the antecedents, relations and conduct, etc. of all the serious cases tried in the Court. The officers, by keeping themselves in personal touch with the children and by means of friendly advice, moral persuasion and careful watch over the conduct and progress of the probationers, tried to bring about a new and healthy outlook of life among these youthful delinquents and misdirected children.

There is every hope that under the tactful and sympathetic guidance of the probation officers, many of the probationers will turn out good and useful citizens. The value and importance of probation work, which involved moral and social uplift, cannot be over-estimated, and this is being well performed by the probation officers.

The Presidency Magistrate, Central Children's Court, visited the probationers from time to time to obtain personal knowledge about their conduct and progress, and gave impetus to the work.

The probation officers, as usual, have been maintaining probation records for each and every probationer, which are regularly submitted to the Children Court Magistrate after every visit paid by the officers to their charge. In addition, monthly charts with necessary notes regarding the probationers are prepared by the officers every month and all these are seen by the Chief Presidency Magistrate once a month.

Report.

In this case an election petition has been presented by Muhammad Siddiqui against Khwaja Sir Nazimuddin, the returned candidate from the Calcutta North (Muhammadan) Urban Constituency at the election which was held on the 25th February 1937. The petition was presented on the 22nd April 1937, *i.e.*, on the last day on which such a petition could have been presented under rule 26 (1) (a) of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, hereinafter called the "Election Petitions Rules." Paragraph 6 of the petition enumerated

certain grounds upon which the petitioner claimed that the election should be set aside and this was followed by a list of corrupt practices by reason of which it was alleged that the election was void.

Under the "Election Petitions Rules" as they stood on the 22nd April 1937 it was provided that the Governor exercising his individual judgment should dismiss any petition which failed to comply with rule 26, rule 27 or rule 29 of the "Election Petitions Rules". The most material of these rules with reference to the case now before us is rule 27 which provides that a petition shall contain a statement in concise form of the material facts on which the petitioner relies and that it shall be accompanied by a list "setting forth full particulars of any corrupt practice which the petitioner alleges, including as full a statement as possible as to the names of the parties alleged to have committed any corrupt practice and the date and place of the commission of each such practice".

By notification No. 848 A.R.D., dated the 5th June 1937, and published on the 17th June 1937, rule 30 (*1*) of the "Election Petitions Rules" was amended by substituting the word "may" for "shall" and a new sub-rule was added to rule 31, viz., sub-rule 31(*2*), which reads as follows:—

> "Notwithstanding the provisions of sub-rule (*1*) of rule 30, the Commissioners may inquire into the compliance of the petition with the provisions of rule 26, rule 27 or rule 29."

The effect of this amendment was, therefore, to provide that, although it was still competent for the Governor to dismiss a petition for non-compliance with rules 26, 27 and 29, he was no longer bound to do so, and he could, if he considered such a course desirable, leave the question of non-compliance with those rules open for the consideration of the Commissioners.

Although the original petition which was presented on the 22nd April 1937 contained a number of vague allegations of certain corrupt practices on the part of the respondent, the statement contained in paragraph 6 of the petition, supplemented by the list of alleged corrupt practices appended thereto, could by no stretch of the imagination be regarded as a list setting forth full particulars of such corrupt practices within the meaning of rule 27(*2*) of the "Election Petitions Rules" and it appears that the attention of the petitioner was drawn to this defect in his petition by a letter, No. 1153 A.R.D., dated the 11th June 1937, from the Additional Secretary to the Government of Bengal. That letter concludes with the following paragraph:—

> "The Governor is of opinion that by withholding details of the corrupt practices which you allege to have taken place you have failed to comply with rule 27(*2*); and, unless you supply him with full particulars before the 30th June, he will have no alternative but to dismiss your petition."

As a result of this communication details of some of the alleged corrupt practices were furnished by the petitioner on the 29th June 1937, and these were published as an annexure to the original petition in the *Calcutta Gazette* of the 5th August 1937.

The petition has now come before us for inquiry under paragraph 4 of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, read with rule 31 of the "Election Petitions Rules."

We framed issues on the 31st August and on that day we also heard Counsel on both sides on the preliminary point urged by Mr. Carden Noad on behalf of the respondent that the petition was liable to dismissal for non-compliance with the provisions of rules 26 and 27. This point was argued with reference to Issue No. 1, viz., "Is the petition liable to dismissal for failure to comply with rules 26(*1*) (*a*), 26(*2*), 27(*1*) and 27(*2*)?" We have tried this issue as a preliminary issue in the case.

Although the question of the jurisdiction of this Tribunal to deal with the preliminary issue was not argued at the Bar it is nevertheless desirable that we should briefly deal with this matter in view of the fact that rules 30 and 31 of the "Election Petitions Rules" were amended after the date of the presentation of the petition. In our view, whatever may have been the extent of our jurisdiction before the date of the amendment (a point we are not called upon to decide having regard to the views which we express below), there can be no doubt that we have jurisdiction now to deal with this matter provided that (*1*) the notification dated the 5th June 1937 was *intra vires* of the

Government of India Act, and the Corrupt Practices and Election Petitions Order, 1936, hereinafter called the "Order" and (*2*) the amendment has restrospective effect.

With regard to the first of these points a very extensive rule-making power is conferred upon the Governor by paragraph 20 of the Fifth Schedule to the Government of India Act including the power to make rules relating to the decision of doubts and disputes arising out of or in connection with elections. This rule-making power is, of course, subject to the provisions of the "Order". Paragraph 4 of the "Order" refers to the right of the Governor to dismiss a petition for non-compliance with the prescribed requirements, but there is nothing in this paragraph which purports to exclude the jurisdiction of the Commissioners to enquire into non-compliance with these requirements if, in fact, the Governor does not dismiss the petition but sends it to them for trial.

Paragraph 6 of the "Order" provides that among other matters the procedure to be adopted in connection with election petitions may be regulated by rules and, in our view, the notification, dated the 5th June 1937 merely relates to a stage of the procedure to be adopted in such matters. It follows therefore that the notification is *intra vires* of the Government of India Act and of the "Order" As the amendment relates merely to a matter of procedure it further follows that it must have restrospective effect. Our conclusion therefore is that the notification of the 5th June 1937 is fully operative to confer upon us jurisdiction to enquire into the preliminary issue.

Mr. Carden Noad's contention with regard to the preliminary issue was briefly to the effect that the provisions of rule 27(*1*) and (*2*) are mandatory and, if the original petition does not contain full particulars sufficient to enable the respondent to know with reasonable precision the charges which he is required to meet, such particulars cannot be supplied after the period of limitation prescribed in rule 26(*1*) (*a*). Mr. Banerji on behalf of the petitioner, while he places no reliance on grounds 2, 4 and 5 mentioned in paragraph 6 of the petition, contends that the other grounds are sufficiently specific, and he maintains that the Commissioners have full authority to admit further particulars with regard to these grounds under rule 27(*3*).

The main question which arises for consideration in connection with the preliminary issue is whether or not the particulars of the alleged corrupt practices which were supplied with the original petition on the 22nd April 1937 were *full particulars* within the meaning of rule 27(*2*) and to what extent, if any, the petitioner can be allowed to supplement these particulars after the expiry of the period of limitation prescribed in rule 26(*1*) (*a*).

With regard to this point the law is discussed in the *Akyab* case (Hammond E. C., page 47). In that case the learned Commissioners followed the decision in the *Bulandshahar* case (page 219), the *Saharanpur* case (page 623) and the *Kangra* case (page 439) and they quoted with approval the remarks in the *Worcester* case (page 154, Hammond's Indian Candidate, edition of 1920). These remarks are as follows:—

> "To deliver particulars with nothing but the name of the candidate and the character of the offence, leave everything else in blank, and attempt to fish out some possible materials from which the blank may be filled up is an abuse of procedure."

The learned Commissioners went on to consider the *Kistna* case (page 447) in which the original petition contained a general charge of corruptly employing board servants and in which it was ruled that a specific instance could not later be added. In this connection the learned Commissioners in the *Akyab* case observe:—

> "We agree with the decision in that case, and with the remarks that what was sought was the amendment of *the list of particulars* by *adding* to them, while the rule only allowed amendment of *the particulars in the list* (already) by *amplification* or the giving of further details.
>
> There is then a great preponderance of opinion that fresh instances of a similar kind cannot be given, and that, where the petition gives no instances or particulars of a charge, these cannot be furnished later, and no evidence can be adduced on it.
>
> We would agree that this is so, and are in accord with the remarks made on the subject in the *Bulandshahar, Amritsar* and *Kistna* cases."

These observations were made with reference to rule 33 of the rules which were in force in 1928, which corresponds to rule 27 of the existing rules. We consider that the views of the learned Commissioners in the *Akyab* case are correct, and that they are directly applicable to the case now before us.

In providing that the original petition shall set out the material facts upon which the petitioner relies together with full particulars of any corrupt practice which he alleges, the intention of the framers of the "Election Petitions Rules" was obviously to ensure that the petition should be a *bona fide* petition based upon specific instances of corrupt or improper conduct on the part of the respondent, which the petitioner would be able to establish by evidence available to him at the time of the presentation of the petition, that the offences charged should be clearly identified and that the respondent should have reasonable notice of the charges that he would be called upon to meet. In our view particulars which are insufficient for the purpose of satisfying this test cannot be regarded as *full particulars* within the meaning of rule 27 (*2*). When only vague allegations of corruption are made in the original petition, to allow specific particulars of these allegations to be furnished after the expiry of the prescribed period of limitation would in effect amount to the admission of a new petition which was time-barred, and would involve the adoption of a procedure which the law does not contemplate. In our view it is only when the original particulars satisfy the requirements which we have indicated above and have been included in the list of corrupt practices mentioned in rule 27 (*2*) that the Commissioners may under the provisions of rule 27 (*3*) allow amendment of these particulars or allow further and better particulars to be furnished in regard to any matter referred to therein. In other words, the law contemplates that the particulars, if any, given in the original petition may be amplified but vague allegations without particulars in the petition may not be developed into specific charges after the expiry of the prescribed period of limitation.

It now remains to be seen whether the corrupt practices alleged in the petition of the 22nd April 1937 upon which learned Counsel for the petitioner still relies are sufficiently full and precise to satisfy the requirements of the law.

Ground No. 1 contains an allegation to the effect that certain votes were improperly and illegally recorded in favour of the respondent by means of false impersonation. The charge is of the vaguest possible character. No specific instances of the alleged false impersonation are mentioned. No attempt has been made to identify the voters who are said to have been impersonated. The names of no witnesses have been given and the respondent is left entirely in the dark as to the precise nature of the charge that he is called upon to meet.

Ground No. 2. Learned Counsel for the petitioner does not rely upon this ground.

Ground No. 3. This is a vague charge of bribery. There is no mention of any single voter who was bribed and, as regards the witnesses, the petition states that their names will be submitted later after the appointment of the Commission, as the petitioner apprehended that the respondent might abuse his position as Minister for the purpose of coercing and intimidating them. A plausible excuse of this sort, even if it were based upon any reasonable grounds, is not one which the law recognises. On his own admission the petitioner appears to have been acquainted with the names of the parties said to have committed the alleged offence but, in spite of this, he makes no attempt to comply with the mandatory provisions of rule 27 (*2*).

Grounds Nos. 4 and 5. Learned Counsel for the petitioner does not rely on these grounds.

Ground No. 6. This ground contains an allegation to the effect that the respondent visited the polling stations with the object of bringing undue influence to bear upon the voters by promising titles and patronage to certain influential persons. No specific instance of any such undue pressure has been mentioned and no indication is given of the charge which the respondent is expected to meet. With regard to the statement that a list of the names of the persons to whom such hopes were held out would be presented to the Commission, the observations made in connection with Ground No. 3 are applicable.

Ground No. 7. In this ground it is alleged that the respondent took a large number of voters to mosques and improperly induced them to

vote for him by playing upon their religious sentiments. The allegation is a general one. No specific instance of any such improper inducement has been mentioned. The details furnished are quite insufficient for the purpose of indicating to the respondent the charge which he would have to meet and with regard to the witnesses the same remarks apply as in the case of Ground No. 3.

Ground No. 8. This ground relates to the return of election expenses. It is merely said that the expenditure was greater than the amount shown in the return but details of any expenditure that had been improperly omitted are absent.

To the grounds is annexed a list of corrupt practices alleged to have been committed by or on behalf of the respondent but the list contains no details beyond the bare enumeration in the most general terms of the alleged corrupt practices and no attempt has been made in this list to fulfil the requirements of rule 27 (*2*).

Having regard to the considerations mentioned above we are of opinion that the petitioner has failed to comply with the mandatory requirements of rule 27 (*1*) and (*2*). He failed to furnish in his petition the material facts on which he relied or full particulars of the corrupt practices which he alleged. In our view of the law it would not be competent for us to allow the petitioner to amend his original petition by including the details furnished by him on the 29th June 1937 long after the expiry of the prescribed period of limitation.

The preliminary issue must therefore be decided against the petitioner and we must hold that the petition is incompetent and liable to dismissal for non-compliance with the provisions of rules 26 and 27 of the "Election Petitions Rules." We further find that it has not been proved that any corrupt practice has been committed by or on behalf of the respondent or in his interest and we hold that he has been duly elected. We therefore report accordingly and recommend that the petition filed by the petitioner Muhammad Siddiqui be dismissed. We also recommend that the petitioner be ordered to pay to the respondent the sum of Rs. 1,500 as the costs of this inquiry.

The above report represents the views of the majority of the Commissioners.

2. The draft will be taken into consideration on or after the 7th December 1937, and any objection or suggestion received by the undersigned before that date will be duly considered:—

Draft rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 150, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 100 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee shall be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holding for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank shall be suitably covered and protected and shall be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof to be altered, removed or interfered with by any person other

than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover, overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of an officer of the municipality.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project outside the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of water corresponding to the annual valuation of such holding, according to the following table:—

"VI—Appeals under the Workmen's Compensation Act (VIII of 1923) and under the Indian Succession Act (XXXIX of 1925).

73. The preparation of paper books in appeals under the Workmen's Compensation Act (VIII of 1923) and under the Indian Succession Act (XXXIX of 1925) shall be governed by the following Rules:—

74. (*a*) On receipt of the record from the lower court the Officer-in-charge of the Judicial Department shall serve a notice on the Advocate for the appellant informing him of the arrival of the record and calling upon him to prepare and file within seven days of the service of such notice a list of the papers which he considers to be necessary for the decision of the appeal.

(*b*) If the respondent enters appearance within the time allowed for such appearance, the Officer-in-charge of the Judicial Department shall serve a notice calling upon him to inspect the list filed by the appellant and state within seven days of such service whether he wishes any other papers to be included in the paper book of the case:

Provided that the Registrar may for good and sufficient reason extend the time allowed under the foregoing sub-rules by such periods, not exceeding seven days, as to him may seem proper.

75. If the respondent considers that any paper or portion of a paper which ought to have been inserted in the appellant's list under the provisions of rule 74 (*a*) has been omitted therefrom he may, within the period specified in Rule 74 (*b*), and after giving notice to the appellant of his intended application, apply to the Registrar for an order that such paper or portion of a paper be inserted in the paper book of the case:

Provided that if any such application by a respondent is disallowed by the Registrar, such respondent shall be at liberty at that time to pray for the inclusion of the papers mentioned in his application in a paper book to be prepared by him at his own cost:

Provided also that if the respondent has entered appearance out of time he shall not be permitted to pray for the inclusion in, or exclusion from, the appellant's list of any papers whatsoever if such application be not made before the actual preparation of the paper book has commenced.

76. If one party objects to the inclusion of a document on the ground that it is unnecessary or irrelevant, and the other party nevertheless insists upon its being included and the Registrar allows the document to be included, the order book and list shall clearly indicate the fact that, and the party by whom, the inclusion of the document was objected to.

77. The Registrar as well as the parties and their legal agents shall endeavour to exclude from the paper book all documents (more particularly such as are merely formal) that are not relevant to the subject matter of the appeal, and generally, to reduce the bulk of the paper book, as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other merely formal parts of documents.

Note 1.—Ordinarily a long series of documents, such as accounts, rent-rolls, inventories, etc., should not be printed in full; but the parties or their legal agents should agree to short extracts being printed as specimens.

Note 2.—Documents produced before the Court of first instance, but not admitted in evidence, shall not be included in the paper book

except under the orders of the Registrar obtained upon an application (unstamped) with notice to the opposite party. An Advocate desiring to refer to any such document at the hearing of the appeal before the High Court shall, at any time before the hearing, serve on the Advocate for the opposite party a typewritten copy, or a typewritten copy of the translation, as the case may be, of any such document to which he desires that reference should be made, and shall also provide two such typewritten copies or typewritten copies of the translation for the use of the Court. If he fails to do so he shall not refer to such document at the hearing and no adjournment of the appeal will be granted on this account unless the Court otherwise directs.

78. As soon as the list of papers to be included in the paper book has been settled in accordance with the foregoing rules, the Officer-in-charge of the Judicial Department shall issue a notice on the Advocate for the appellant calling upon him to prepare typewritten paper books in accordance with such list, serve a copy thereof on each of the appearing respondents and file two copies for the use of the Court before the expiry of 21 days from the date of such notice, accompanied by a certificate that copies have been served on all the appearing respondents.

79. If the respondent has under the first proviso to Rule 75 of this Chapter been allowed to prepare a separate paper book at his own cost, he shall be called upon to serve upon the appellant a copy of such paper book and to file two copies for the use of the Court within the time allowed to the appellant as aforesaid.

80. Every paper book, whether prepared by the appellant or the respondent, shall contain at the end of it a cost sheet prepared in accordance with Rule 47 of this Chapter, save that no charge shall be made for 'estimating' and 'taxing'.

81. As soon as the requirements of the preceding rules have been complied with and the appeal is otherwise ready for hearing, the Officer-in-charge of the Judicial Department shall include the case on the General Warning List in Form No. 15 (Civil), page 187, Appendix I, a copy of which shall be displayed in the manner prescribed in Rule 66 of this Chapter. This will be considered sufficient notice to the Advocates concerned that the case is ready for hearing. Where, however, any party has not entered appearance through an Advocate such notice shall be served upon him by registered post."

Chapter XVI—Page 167, Rule 10 (b).—(*i*) *Insert* the following as Note 1 to this Rule:—

"*Note 1.*—The words 'short notes' in this rule mean such brief notes or memoranda with respect to the date and nature of the documents, names of parties, etc., as may be necessary to identify the document or record, in case a copy is required or a list of papers for inclusion in the paper book of an appeal is to be filed."

(*ii*) *Number* the existing note as Note 2.

(*iii*) *Insert* the words "and Note 1" between the words "rule" and "shall" in line 1 of Note 2.

Page 168, Rule 17.—(*i*) *Number* the existing note as Note 1.

(*ii*) *Insert* the following as Note 2:—

"*Note 2.*—(*i*) Information requiring anything but short answers shall not be given. If any extract from the record or the substance of any order or decree or other document is desired, the proper course is to apply for a copy.

(*ii*) Defective applications and applications in which the information asked for cannot for any reason be given shall be rejected subject to the orders of the Registrar."

Chapter XVII—Page 169, Rule 4.—Add the following as proviso to the Rule:—

"Provided that if for some sufficient cause beyond his control, as to which he shall satisfy the Registrar by a proper application setting out the cause, an Advocate or party is prevented from tendering money under Rules 1 and 2 before 3 p.m. and deposit, if made on the following day, would be out of time, the Registrar may direct the money to be received by an officer of the Court and such acceptance shall be deemed to be a valid deposit on the day on which it is accepted. The money

so accepted shall be remitted to the Reserve Bank of India by the Court's office on the following day with a challan duly filled in and tendered by the Advocate or the party when depositing the money."

[ILLEGIBLE], *for* Collector.

Midnapore, the 8th September 1937.

PUBLIC SERVICE COMMISSION, BENGAL.

NOTICE.

A competitive examination for direct appointments to the Bengal Civil Service (Executive), and the Bengal Junior Civil Service will be held in Calcutta in February 1938 in accordance with Rule IX of the Bengal Provincial Services Recruitment Rules,* published in notification No. 7183A, dated the 22nd May 1930.

2. *Vacancies.*—The number of vacancies to be filled on the result of this examination is as follows :—

Bengal Civil Service (Executive)	13
Bengal Junior Civil Service	30

It is open to Government to fill from this examination any additional vacancies which may occur in these services or in the Bengal Police Service, the Bengal Excise Service, the Bengal Junior Excise Service, or the Upper Division of the Bengal Secretariat clerical services up to the date of the examination or within such period thereafter as Government may think fit to prescribe.

Each candidate will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. Appointments will be assigned to successful competitors with due consideration to their choice and the number of vacancies in the services.

3. **Qualifications.**—The indispensable qualifications of a candidate are—

(*i*) that he is a native of Bengal or has a permanent domicile within the Presidency of Bengal ;

(*ii*) that he is a natural born subject of His Majesty, or of an Indian State in respect of whom the Governor-General in Council has made a declaration under section 262 of the Government of India Act, 1935 ;

(*iii*) that he shall have attained the age of 22 and shall not have attained the age of 25 on the 1st October 1937 ;

(*iv*) that he is a graduate of a recognised University ;

(*v*) that he is of good character ; and

(*vi*) that he is of sound health, good physique, active habits and free from organic defects or bodily infirmity.

Along with his application every candidate shall submit proof of his age as explained in the form of application and certificates, written not more than one year prior to the date of his application, from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character and stating that he is a native of or has a permanent domicile within the Province of Bengal. The age limits can in no case be relaxed.

Copies of the certificates attested by the nominating authorities or by responsible persons may be submitted.

4. **Applications—Method of submission of fee, etc.**—(*i*) A person desiring to be admitted to the examination shall apply before the 30th November 1937 to the head of the college from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed the examination as a non-collegiate student shall send in his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his college if he was connected with one, and by the Magistrate of the district in which he is resident in other cases ; candidates from the Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta :

Provided that in no case shall a candidate apply to more than one of these authorities, and that such applications shall always be made through their Durbars by persons resident in a State in India.

(*ii*) Applications shall be made, in the form shown in Schedule I, copies of which may be obtained from the heads of Colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction, Bengal.

(*iii*) No application will be taken into consideration by the nominating authority unless it is accompanied by non-Judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not and no claim for a refund of this fee will be entertained. *Applications stamped with postage stamps will not be accepted.*

(*iv*) No allegation that an application form or letter respecting such form, has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office registration receipt or certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

5. **Nomination.**—The heads of colleges, the Registrars of the Calcutta and Dacca Universities and the Director of Public Instruction, Bengal, shall forward to the Secretary, Public Service

*Copies of those Rules (price annas six) are obtainable from the Sales Office, Writers' Buildings, Calcutta.

Commission, Bengal, before the 14th December 1937, the applications of candidates nominated in accordance with the allotment of nominations shown in Schedule II and shall certify the moral character of each candidate so nominated. The application of non-collegiate students nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in paragraph 3 above. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service. Care should be taken to nominate only such candidates as are likely to pass the medical examination since experience shows that a considerable number of candidates successful in the literary examination fail to pass the medical test.

6. **Selection certificates.**—The Public Service Commission will issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as they consider, qualified to appear at the examination. The selection or rejection of a candidate by the Commission shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate :

In making their choice the Public Service Commission will give all possible consideration to the cases of candidates of the minority communities and the backward classes and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected.

7. **Particulars of candidates.**—The Public Service Commission may require such further proof or particulars from the candidates as they may consider necessary, and may make enquiries regarding their character and domicile.

8. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury in Bengal a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary, Public Service Commission, Bengal. No part of the fee will be returnable to a candidate. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement, the candidates will receive from the Secretary a time-table for the examination. The examination will commence on the 16th February 1938, and will be held at the Presidency College, Calcutta.

9. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

10. **Ineligibility of Government servants.**—Unless specially exempted by the Public Service Commission, no person holding a substantive appointment in Government service or an appointment on probation against a substantive vacancy under Government is eligible to appear at the competitive examination. Whenever such exemption is granted, the candidate will be subject to selection by the Commission, as if he were duly nominated under paragraph 5 above. Persons holding purely temporary posts under Government should submit their applications in the manner prescribed in paragraph 4 above.

11. **Syllabus of examination and marks.**—The examinations will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition of appointment, candidates, whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below :—

(*i*) Bengali, (*iii*) Urdu,

(*ii*) Hindi, (*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination, will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

12. **Medical Examination.**—As soon as the results of the examinations have been declared, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. The regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

W. ISLAM,

Secretary, Public Service Commission, Bengal.

The 17th September 1937.

SCHEDULE I.

Write your surname here.....

Application form.

For the use of candidates seeking admission to the competitive examination for appointment to the Bengal Civil Service (Executive) and the Bengal Junior Civil Service.

N. B.—1. Copies of the form may be obtained on application to the Principals of Colleges, Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

2. Before filling up the form the candidate should verify from the rules and the syallabus that he is eligible for admission to the examination.

3. The form should be filled up in the candidates' own handwriting and returned **by the 30th November 1937** to the Principal of the College by collegiate students, to the Registrar, Calcutta University, by non-collegiate students, to the Registrar, Dacca University, by candidates from that University, and to the Director of Public Instruction, by all other candidates.

Applications received after the prescribed date will not be accepted.

4. If a candidate who fills up and returns the application form does not receive an acknowledgment for the same within a reasonable time, he should at once communicate the fact to the authority to whom the form was returned.

5. Should any of the particulars furnished be found to be false within the knowledge of the candidate, he will, if appointed, be liable to be dismissed. The wilful suppression of any material fact will also be similarly penalized.

6. Every candidate must submit with his application form a copy of his Matriculation certificate duly attested by a Magistrate or other responsible person. If the Matriculation certificate does not contain sufficient particulars to show that the candidate is qualified by age to enter for the examination, a certificate from the candidate's University or College showing his date of birth as recorded on entering the University or College must also be furnished. The age of a candidate as recorded on entering his University is regarded as correct unless there is a proof to the contrary. If a candidate claims that his age is other than as so recorded, he must submit with his application the evidence on which he bases his claim. In such a case the Public Service Commission, Bengal, will require among other evidence a satisfactory explanation of the circumstances in which a wrong age was recorded at the time of entry into the University. They will also require a statement of any attempts made by the candidate to have the University record amended and of the results of such attempts. The statement of age must tally with the statement of age made in any previous application of this nature and will be deemed absolutely final. No revision of such a declaration will be allowed at a later period for any purpose whatever.

7. Every candidate must submit with his application non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. No part of this fee will be returnable to any applicant, whatever the result of his application. Applications unaccompanied by the fee, or stamp with postage stamps, will be ignored.

4. **Ubbadur Rahim,** Pleader, Bankura, Respondents.

Report.

The petitioner Mahomed Illias Chowdhury was one of four candidates for election to the Bengal Legislative Assembly from the Bankura (Rural) Muhammadan Constituency.

The respondent No. 1 polled 2,327 votes and was declared elected.

The petitioner polled 613 votes.

Respondent No. 2 polled 567 votes.

Respondent No. 3 polled 111 votes.

Respondent No. 4 was nominated but thereafter withdrew his candidature.

The name of the returned candidate was published in the Gazette on the 3rd February 1937, and the petitioner duly filed his petition within 14 days.

He challenged the validity of the election on the ground that respondent No. 1 had been guilty of bribery and undue influence, which are corrupt practices under Part I of the First Schedule to the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936.

Paragraph 7 of that Order provides that if in the opinion of the Commissioners any such corrupt practice has been committed in the interests of a returned candidate the election shall be void.

The petitioner prayed for declarations that the election was void, and that he had been duly elected.

The petitioner supplied further particulars of the charges, and respondent No. 1 (who is referred to hereafter as the respondent) filed a written statement denying each charge categorically.

The following issues were framed:—

(*1*) Is the respondent or his agent guilty of the corrupt practice, viz., bribery, as alleged in clauses (*a*) to (*g*) and (*i*) of the particulars mentioned in Annexure "A" to the petition?

(*2*) Was the respondent and/or his agent guilty of undue influence and intimidation as alleged in clause (*h*) of Annexure "A" to the petition?

(*3*) To what relief, if any, is the petitioner entitled?

The petitioner on the 5th August called oral evidence in support of his case.

Kazi Fazlul Karim, the petitioner's polling agent at Indas and Krishnagar Dak Bungalow, deposed that Mohammed Idris, the respondent's polling agent, gave money to certain persons whose names the witness did not know.

The witness could do no more than draw an inference that voters were bribed, because he saw money in their hands, and his evidence that Mohammed Idris, who was the only polling agent for the respondent, was continually leaving the polling booth is hard to believe.

This witness was brought up and married from the house where the respondent lives. He admits being responsible for this petition and it was suggested that he was hostile to the respondent. There is evidence that there has been considerable litigation amongst the members of the family, and there are grounds for the suggestion that this petition was part of the family feud.

The next witness, Shafi, stated that the respondent had promised members of the congregation at the mosque at Punisole to make them a present of 20 bighas of land if they would vote for him.

The witness was cross-examined. His vouchers which are attached to the return of election expenses contain no reference to his alleged journey to Punisole on the date alleged. His evidence of a bribe to Osman Mullick is equally open to criticism. It was put to him in cross-examination that the house which he described as Osman Mullick's baitakhana was in many important respects different to the actual building, and his story that Osman Mullick openly called his attention to the bribery in front of a number of persons is hardly credible.

Syed Md. Hossain, who spoke to the promise at the mosque, made many inconsistent statements, and although he says he went to Punisole on the 20th December his vouchers show that he did not incur any expenses after the 19th. No reliance could be placed on his evidence, and the same remark applies to the other witness, Shah Abdus Salam, who could not remember if he took any money from the petitioner in connection with the election, and whose evidence as to his movements is contradicted by his signed vouchers attached to the petitioner's return of election expenses.

The statements of Rai Sahib Bhola Nath Mitra had but little probative value. He says that he saw Rs. 100 handed to Budai Hazari and that he heard the respondent say "get me all the votes you can." This certainly does not prove that the Rs. 100 was a bribe to induce Budai Hazari to procure votes.

Evidence for the petitioner was heard on the 5th and 6th August. On the 9th August the Advocate for the petitioner said that he had instructions to withdraw the petition; but when the Commissioners intimated that any such application at this stage was unlikely to be successful in view of the invidious position in which under the rules the respondent would then be placed, he continued to call evidence. After the midday adjournment the Advocate stated that he now had instructions from the petitioner not to proceed further with the case.

The respondent then entered the witness box and denied on oath that he had committed any corrupt practice as alleged, or at all, and Mohammed Idris similarly denied the charges with which he was alleged to be connected.

The Commissioners are of opinion that the evidence adduced failed to establish any corrupt practice; and that the petition should be dismissed with costs which they assess at Rs. 2,000 to be paid to the respondent. In their opinion the respondent was duly elected, and they will report to His Excellency the Governor of Bengal accordingly.

(8) Current nominations shall be carefully recorded by a responsible officer of the Board.

Contribution by the Board to deposit account of each servant.

39. (1) The Board shall make a contribution to the deposit account of each depositor at the rate of 3⅛ per cent. or one-half anna in the rupee on the salary of the depositor. Such contribution shall be credited to the Provident Fund, month by month, in favour of such servant, together with any deduction made from his salary under rule 34. The contribution shall be charged in the cantonment accounts to Head H—Contributions for General Purposes.

(2) (*a*) In addition to the contribution made under sub-rule (1), the Board may, if it deems fit, make further contributions, hereinafter called bonuses, to be credited to the Provident Fund in favour of any servant as follows:—

After 10 years approved service, 2 months' pay.
After 15 years approved service, 3 months' pay.
After 20 years approved service, 3 months' pay.
After 25 years approved service, 4 months' pay.
After 30 years approved service, 4 months' pay.

Such bonuses may be cumulative, that is, a servant who has received a bonus after serving 10 years may, after serving 5 years more, receive a second bonus, and so on. Approved service shall be reckoned as from the date of commencement of service, irrespective of the date a servant becomes a subscriber to the Provident Fund, but no application for a bonus shall be considered unless it is preferred within six months from the date at which the depositor becomes eligible for a bonus.

(*b*) Approved service may, where the Board deems fit, include previous service under another Board or other Boards if such other Board or Boards pays or pay a share of the bonus proportionate to the length of such previous service. The Board shall not credit the bonus to the Provident Fund until it has received the proportionate share or shares.

(*c*) Approved service may, where the Board deems fit, also include previous service under the same Board.

(3) For the purpose of sub-rule (2), "pay" means the pay of the depositor on the date on which he becomes eligible for a bonus.

(4) In special circumstances and with the previous sanction of the Central Government in each case the Board may grant to any servant a bonus of such amount as the Central Government may approve, although no bonus, or a bonus of smaller amount, may be admissible under sub-rule (2). A bonus may be granted under this sub-rule in respect of service rendered wholly or in part before its commencement.

(5) No contribution shall be made by the Board on the subscription paid by the depositor for any period during which he has been suspended as a penalty for misconduct.

Investment.

40. (1) All subscriptions and contributions under these rules shall be credited into the Provident Fund and paid into the Imperial Bank of India (Savings Bank) or into the Post Office Savings Bank, as the case may be, between the 1st and 4th of the month on which they become due. Such other sums as may subsequently become due in any month shall be credited to the Provident Fund and so paid into the Imperial Bank or the Post Office Savings Bank as to ensure that interest may accrue as quickly as possible.

(2) Such deposits may be invested in Government Securities in accordance with rule 46 of the "Rules for the guidance of depositors in the Post Office Savings Bank", and may also be invested in Government of India loans.

(3) The entire amount of the interest realised on the investment of the Provident Fund shall be distributed proportionately for credit to the accounts of all the subscribers to the Provident Fund.

Accumulations when payable.

41. The amount of the subscriptions and contributions with the interest earned thereby at the credit of a depositor shall become payable by the Executive Officer from the Provident Fund:—

(*a*) on the death of the depositor, subject to the proviso to sub-rule (3) of rule 38, to the person or persons nominated by him in accordance with that rule, in the proportion specified in the nomination; or

(*b*) when the depositor ceases to be a servant of the Board, to the depositor,

and shall be disposed of in the manner provided in section 4 of the Provident Funds Act, 1925:

Provided that, if the depositor ceases to be a servant of the Board by reason of his transfer to the employment of another Board, the amount of the subscriptions and contributions and the interest earned thereby at his credit shall become payable, at his option, either to the depositor himself or by money order to the credit of his account in the Provident Fund of the Board to whose employment he has been transferred:

Provided further that the whole or any part of the amount of the contributions made by the Board to the account of the depositor, together with the interest earned thereby may be deducted from the amount payable under this rule and be paid to the Board, if

(*a*) the depositor has been dismissed from the service of the Board for misconduct or has resigned the service of the Board within five years of his appointment thereto otherwise than on medical grounds established to the satisfaction of the Board; or

(*b*) the amount to be deducted is due under a liability incurred by the depositor to the Board.

Advance for special purposes.

42. (1) No withdrawal of the amount at the credit of a depositor in the Provident Fund shall be allowed except as provided in rule 41:

Provided that, when the pecuniary circumstances of a subscriber are such that in the opinion of the Board the indulgence is absolutely necessary, a temporary advance, not ordinarily exceeding three months' pay and in no case exceeding the amount of the depositor's own subscriptions to the fund with interest thereon, may be allowed from the sum at his credit.

(2) The following are instances of the objects for which such advances may legitimately be allowed:—

(*a*) to pay expenses incurred in connection with the illness of a subscriber or of a member of his family;

(*b*) to pay for the passage of any member of a subscriber's family, coming from beyond the sea to join him or requiring to make a journey beyond the sea;

(*c*) to pay expenses in connection with marriages, funerals, or ceremonies which by the religion of the subscriber it is incumbent upon him to perform, and in connection with which it is obligatory that expenditure should be incurred;

(*d*) to build a house for occupation by the subscriber himself at the place where he is actually serving or at which he is permitted to reside while in active service.

(3) Advances shall not be confined rigidly to the objects set forth in sub-rule (2) but shall be made with due regard to the requirement contained in the proviso to sub-rule (1) as illustrated by the examples set forth in sub-rule (2).

43. (1) The order sanctioning the advance shall state the specific purpose for which the advance is granted. Where this purpose is of a confidential nature, it may be communicated to the audit officer personally and confidentially.

(2) When an advance has been granted to a subscriber, subsequent advances shall not, except for strong reasons to be recorded in writing by the Board, be granted to him until at least twelve months have elapsed since the complete repayment of the last advance taken.

44. (1) Advances shall be recovered at the discretion of the Board in not less than twelve instalments or more than twenty-four. A subscriber may, however, at his option make repayment in less than twelve instalments or may repay two or more instalments at the same time.

(2) In determining the advance to be sanctioned, due regard shall be paid to the amount of subscriptions lying to the credit of the applicant. The amount of the advance shall be a sum expressed in whole rupees and ordinarily, the monthly instalments shall also be in whole rupees, the advance applied for being raised or reduced, if necessary, to enable instalments to be thus fixed.

(3) Recoveries shall be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery shall be made from a subscriber while he is on leave of any kind other than casual leave.

(4) When two or more advances are made under sub-rule (2) of rule 43, each advance shall be treated separately, and a monthly deduction of not less than one twenty-fourth of each advance shall be made until that advance is cleared.

(5) The instalments shall be paid by compulsory deductions from salary, and shall be in addition to the usual subscription.

45. When an advance is repaid, as regards principal, in not more than twelve instalments, a 13th instalment, representing interest, and equivalent to 4 per cent. of the amount of the advance, shall be paid in the month following that in which the last instalment is paid. Similarly, an additional instalment equivalent to 8 per cent. of the total

amount of the advance shall be paid when the advance is repaid in more than twelve instalments. In calculating such additional instalments a fraction of a rupee if it exceeds eight annas, shall be taken at the next higher whole rupee, and if it does not exceed eight annas shall be ignored.

46. The sum at the credit of a depositor shall not be liable to forfeiture on dismissal or on conviction by a Criminal Court, except for an offence for which the penalty of forfeiture of the whole of the offender's property is prescribed by law.

47. A copy of the account of each depositor shall be furnished to him as soon as possible after the close of the financial year to which the account relates, or at the time of payment in the case of accounts closed in accordance with rule 41.

Prohibition of voluntary deposits.

48. No deposits from servants other than those authorised by these rules shall be credited to the Provident Fund.

Subscription during leave.

49. Servants shall not be permitted to subscribe to the Provident Fund while absent on leave other than leave on full average salary. They may at their option subscribe while absent on leave on full average salary.

50. A servant who desires to subscribe during such leave shall notify his intention in advance in order to allow of the deductions from his leave allowances being noted in his leave and pay certificate; and a servant who has notified such intention shall not be permitted to discontinue subscribing during leave:

Provided that, if he fails to notify his intention in advance, he may be allowed to pay his subscription during leave in cash.

Dead Accounts.

51. On a depositor leaving the service his account shall be closed, and unless the amount at his credit be withdrawn, in the case of balances not exceeding Rs. 10 within one year, and in the case of balances exceeding Rs. 10 within three years, it shall be written off as a dead account, and not repaid save under the orders of the Officer Commanding-in-Chief, the Command.

52. The Board may withdraw from the Post Office Savings Bank all monies lying in deposit on or after the date of the commencement of these rules on account of the Provident Fund, and deposit them in the Imperial Bank of India (Savings Bank).

Senate House, the 18th September 1937.

NOTICE.

The Senate will proceed in the month of August 1938 to the election of a Tagore Professor of Law for a term of one year, to commence on the 1st August 1939.

The salary of the Professorship is Rs. 9,000 per annum and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects:—

(*i*) Moslem Law as administered in British India.

(*ii*) The Law of Arbitration with special reference to British India.

(*iii*) The Law of Carriers by Land, Water and Air with special reference to India.

The salary of the Professor will be paid in twelve *equal monthly instalments*, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are required to forward their applications to the Registrar on or before the 1st May 1938, stating on which of the above-named three subjects they are prepared to lecture. Each candidate will forward, with his application, one hundred copies of a brief synopsis of his proposed lectures and, if he so pleases, the same number of copies of his introductory lecture.

The Professor will, not later than the month of August following his election, forward to the Registrar a complete copy (manuscript or typewritten) of the lectures which he proposes to deliver. The copy will be forthwith referred by the Faculty of Law to a Committee of not more than three persons to be selected for their special competence in this behalf, who will examine the same, and, before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered will remain in the custody of the Registrar and shall be sent to the press, as soon as practicable, after delivery thereof.

If the Professor fails to submit the copy of the lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.
